4 Hurt in Mt. Douglas Plunge

A plunge over a 125-foot embankment on Mount Douglas, in the car shown above, a few minutes before 5 last evening brought serious injuries to the father, mother and daughter of a Victoria family and a Calgary minister visiting here.

The injured are:
Doris Veale, 19 years, 740 Victoria Drive, fractured skull and multiple cuts and bruises.
Mrs. Edith Veale, 740 Victoria Drive, fractured shoulder, severe shock and multiple cuts to the shoulder, arms and hip.

Rev. M. R. Hall, Calgary, fractured hip, fractured vertebrae, concussion, shock and multiple lacerations on the arms and head.
Percy W. Veale, 740 Victoria Drive, crushed chest and lacerations on the scalp.

Condition of Doris Veale was reported critical at Jubilee Hospital last night but this morning Dr. T. W. A. Gray, who attended the four injured persons, said the girl showed slight improvement.
Mrs. Veale had a fairly good night, and her husband was reported resting comfortably. Mr.

Hall had a fairly comfortable night.

Mr. and Mrs. Veale and daughter were taking Mr. Hall sightseeing and had driven to the top of Mount Douglas. They were descending the mountain when the crash occurred.

It happened on a hair-pin turn near the summit. Sergeant Eric Elwell and Constable William Pearson of the Saanich police, who investigated, said Mr. Veale, driver of the car, a 1934 Dodge sedan, must have lost control and instead of making the turn, went straight ahead, plunging over the side.

From the marks on the rocks of the embankment it appeared the car first struck ground about 25 feet below the road and then turned end over end finally landing among the trees and in heavy undergrowth 125 feet below the road.

THROUGH ROOF
The occupants of the car were thrown through the roof as it rolled over and over.

Police were called to the accident at 4.55 by a person who saw the plunge and rushed to a phone in a house at the bottom

of the mountain. They arrived at 5.02 with the police ambulance. In the meantime Dr. Gray had been called along with two C. & C. ambulances.

Mrs. Veale was found beneath a 400-pound boulder which luckily had lodged against another rock, saving her from being crushed. The boulder had to be rolled away in order to release the injured woman.

The daughter, Doris, was found about 15 feet below her mother. Mr. Veale was attempting to aid the others. Mr. Hall was thrown about 30 feet beyond the car. The car landed on its side facing up the bank.

Dr. Gray was assisted by Dr. R. L. Miller at the scene. Police and ambulance men, assisted by passersby, had a difficult time bringing the injured on stretchers back to the road.

Mr. Hall, who is president of the Western Baptist Bible College and pastor of the Westbourne Baptist Church, Calgary, preached at the morning service at Central Baptist Church yesterday and was scheduled to speak again last evening. He is well known for his radio ministry.

Final Bulletins

Saved By Chance

CAPETOWN (AP)—The 35 survivors of the torpedoed United States steamship Robin Moor who arrived here today aboard a British vessel said they had been picked up purely by chance—not on wireless notification.
They had spent 13 days in three lifeboats and 14 days aboard the rescue ship before they set foot on land after dusk tonight.
(See story on page 15.)

Wiedemann in Fog

SAN FRANCISCO (AP)—Captain Fritz Wiedemann, German consul-general here and Hitler's superior officer in the first Great War, shrugged his shoulders this afternoon and said "I don't know where I'm going to go," after discussing the order closing all German consulates in the United States.

Call Married Men

LONDON (CP)—A proclamation calling for immediate enrollment for military service of married men from 18 to 45, was issued at Wellington, New Zealand, the BBC reported tonight.

The BBC said only married men between the ages of 21 and 40 will be liable for service overseas.

7 Nazis Bagged

LONDON (CP)—The Air Ministry announced tonight seven German fighters were destroyed in daylight operations during R.A.F. offensive sweeps across the Channel and that five British aircraft were lost.

Woman Flies Bomber

MONTREAL (CP)—Miss Jacqueline Cochran, United States aviatrix, is at an eastern Canadian airport to fly the Atlantic as first officer on a bombing plane being delivered to Britain.

Recruiting Off 22

Sixteen men joined the army in British Columbia this week-end, 22 fewer than on Friday. This number, however, is exclusive of 77 who joined from the four-month training camp at Vernon. Military district headquarters' returns for Saturday and Sunday are:

Victoria	4
Vancouver	0
Vernon	3
Kamloops	1
Prince Rupert	3
New Westminster	3
Nanaimo	2
Total	16

Victoria's recruits are: R. J. Hillier of McLennan, McFeely and Prior; Douglas Wilkinson, welder; Bertram Parsons, Ciceri and Co., and K. S. Burley of Bloedel, Stewart and Welch.

Say Destroyers Hit

BEIRUT (AP)—The Vichy-French claimed tonight two British destroyers have been damaged in a "sea and air battle" with Vichy forces which has been in progress for the past 24 hours.
(British comment on this claim was not immediately available.)

Liquor Traffic Hit

VANCOUVER (CP)—Rev. R. J. McIntyre, general secretary of the B.C. Temperance League, addressing its annual convention here today, declared "we have the worst liquor situation in Canada in British Columbia."

R.A.F. BLASTS 'INVASION' COAST

LONDON (CP)—The Royal Air Force swept over the Strait of Dover and the German-occupied French coast in daylight today, bombing targets at Boulogne, the Air Ministry announced this evening.

Earlier dispatches from a south coast English town had said heavy explosions were heard across the mist-shrouded Channel during the afternoon and British bomber and fighter planes crossed and recrossed high above, indicating a heavy daylight attack on Nazi-held bases.

Churchill on Air

Prime Minister Churchill's speech accepting an honorary degree from Rochester, N.Y., University, will be rebroadcast over CBR at 7.15 this evening. (See story on page 2.)

Roosevelt Moves to Crush Espionage

All German Consulates In United States Closed

WASHINGTON (AP)—The United States today ordered all German consulates closed by July 10 because of activities "inimical to the welfare of this country."

Announcing the action, Sumner Welles, Under Secretary of State, said it did not imply a break in diplomatic relations with Germany and did not affect the diplomatic staff in Washington.

He made the announcement after handing a note to Dr. Wilhelm Tannenber, first secretary of the German embassy, in the absence of Hans Thomsen, charge d'affaires, who was in New York.

The order requires the closing of the German Library of Information and Railway Tourist Bureau and the German Trans-

ocean News Agency. It calls for removal of all nationals connected with the consulates and these agencies.

(Transocean is not connected with any American news agency.) "It has come to the knowledge of this government," the Welles note said, "that agencies of the German Reich in this country, including German consular establishments, have been engaged in activities wholly outside the scope of their legitimate duties."

"These activities have been of an improper and unwarranted character."

"They render the continued presence in the United States of those agencies and consular establishments inimical to the welfare of this country."

German consular establishments in this country, although the Italian consulates at Detroit and Newark, N.J., were ordered closed some time ago.

The action against the Italian consulates was considered a reprisal for an Italian order requiring the closing of two U.S. consulates in Italy in mid-February.

In another step against Italy, the United States several weeks ago forced the recall of Admiral Roberto Lais, Italian naval attaché at the embassy in Washington, on the grounds that he was connected with the sabotaging of Italian merchant ships in United States ports. Promptly, Italy demanded the recall of Capt. William C. Bentley, then U.S. assistant military attaché at Rome.

Today's note to the German government affects scores of consular officials throughout the United States, including Capt. Fritz Wiedemann, the German consul-general at San Francisco who is a personal friend of Hitler.

In making the action known, Welles told his press conference that the government had nothing in mind at this time regarding similar action against other countries, including Italy.

He asserted also that the step had no relation to the sinking of the American merchant ship Robin Moor which survivors said was torpedoed by a German submarine.

The closing of the German consulates and other agencies, Welles said, had been under consideration for some time.

Britain Wary of Reports Nazi-Soviet Rift Looming

Canadian and Associated Press

A reliable foreign source told the Associated Press in London today German-Russian relations are approaching a stage where they must either be cemented more closely in a Pan-European economic scheme or break into open hostility.

The situation, this source said, has arisen from Germany's pressure for more oil, grain and ore from Russia, and the conviction of certain Russian leaders that the spread of German influence through repeated European victories was endangering the Soviet's own ambitions as a world power.

Anti-German Russians were said to express fear that German domination of the Balkans and Black Sea, if further extended, might reduce Russia to a second rate place among nations.

Russian diplomatic sources in London refuse to go beyond the insistence of Tass, Soviet news agency, that German-Russian relations continue amicable.

British Suspect Talk Feint

Wary Britons weighed these rumors against a mounting conviction the talk was a feint to hide the real blow—at Britain.

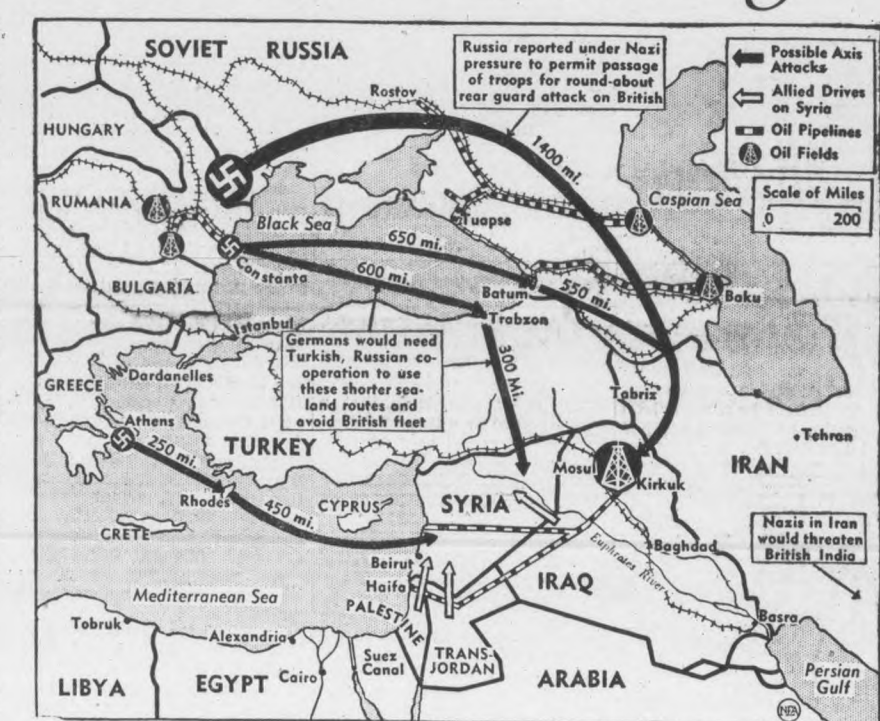

However, the press and public gave careful attention to each new sign apparently indicating Nazi military strength actually might be diverted to the east by trouble, or the threat of trouble with the Red Army.

It was acknowledged generally that full implications of the reports of troop concentrations on both sides of the German-Soviet frontier could not be divined.

The London News Chronicle's Ankara correspondent reported travelers arriving from Hungary and Rumania as saying the odds are "five to one Germany will invade Russia within a fortnight."

Associated Press reports from Ankara quoted a French diplomat in Turkey as saying Nazi troops had been withdrawn from Bulgaria and Czechoslovakia and were being drawn up in Rumania facing the Russian frontier.

Ankara dispatches today also

NAZIS MAY TRY BACK-DOOR ATTACK IN SYRIA—While Europe is flooded with rumors of German troops massing along the Nazi-Russian frontier and a possible break between two dictator nations, the British and Allied commanders in the Near East are prepared for new measures if the reports turn out to be only camouflage for such a move, for example, as a German roundabout attack through south Russia and Iran on the Allied forces now occupying Syria. This map shows how much longer the route would be than by water from Greece, which way is closed to the enemy by the British fleet.

The possibility Stalin might meet opposition from within Soviet ranks if he made further concessions was suggested, however, in reports from Finland Sunday that the Red Army is firmly against Stalin's alleged "German appeasement policy."

The London Daily Herald suggested the military rumblings might be intended only to "scare Stalin into sweeping economic concessions," but added: "We must not allow our minds to be distracted from major purposes by these fascinating guessing games. One thing at least can be stated with confidence: That it is not Russia but the British Commonwealth which dominates Hitler's dream of conquest."

The newspaper declared Hitler could be expected to deliver his "maximum" blow against Britain before American aid has hit its stride.

Evidence Soviet Greatly Worried
The London News Chronicle said a Moscow broadcast Friday that "it was not to be assumed" Nazi troop movements were, directed against Russia "gave the impression the Soviet government was profoundly worried."

taken into account and deducted (from the divisor) and its price ought to be looked on as so much salvage for the benefit of both parties to this dispute."

The judgment ruled against the city's claim for similar exclusion of water supplied to the Empress Hotel, the Crystal Garden, parks and cemeteries, noting Oak Bay had similar obligations.

Costs were awarded to Victoria.

R.C.A.F. Man Killed

SUDBURY, Ont. (CP)—Arthur James Green, 24, Vancouver, member of the Royal Canadian Air Force, was killed here early when struck by a car driven by Raymond Lapalme of Sudbury. Lapalme was held on a manslaughter charge. Green was on his way to Vancouver on a two-week furlough. No inquest will be held.

Irish Steamer Bombed, 23 Lost

LONDON (CP)—The Irish sea mail steamship St. Patrick was bombed and sunk off the Welsh coast early June 13, with reported loss of 23 lives, it was announced today.

Several women and children were among her 44 passengers. It was feared all first class passengers, except one, were killed. The crew numbered 45.

Among the 66 survivors were women and children who leaped overboard and found rafts to cling to until they were picked up by a warship and other craft.

'No Room for Complacency'

Rt. Hon. Malcolm MacDonald, British High Commissioner to Canada, arrived in Victoria by plane yesterday for a three-day visit as the guest of Lieutenant Governor E. W. Hamber and Mrs. Hamber. Above are shown, left to right, Acting Premier John Hart, Mr. MacDonald, C. A. E. Shuckburgh, his secretary, and Commodore W. J. R. Beech, at the Esquimalt seaplane float.

Mr. MacDonald said today Canada's war production is very good and will increase in volume steadily, but warned that "there is no room for complacency, either here or in Great Britain," and that it was "up to everyone to move as fast as he can."

FIVE BIG JOBS

He listed five "tremendous jobs" which Canada is now doing and which are of invaluable aid to Great Britain.

The first of these, he said, is production of war weapons, adding that steady development along this line is one of the best aids this country can provide.

The second, Mr. MacDonald said, is the fact that Canadian taxpayers are paying every dollar of the cost of this production. He said this contribution is as valuable to Britain as the lease-lend

policy of the United States.

The production of food in Canada for the United Kingdom is also a valuable contribution, he said, stressing the fact that "Britain cannot win unless her fighting men and citizens are fed."

Mr. MacDonald said the Commonwealth Air Training Plan is a very great effort, providing training bases out of reach of the enemy from which pilots, observers and air gunners are pouring over to go into the fight.

The fifth job being performed by Canada, he said, is the part Canada's army and navy are playing in defence of the United Kingdom and protection of merchant shipping. He said Canadian forces are holding strategic positions in the United Kingdom, and a person cannot travel far there without running into soldiers from Canada, or some of the other Dominions.

"It is very difficult for anyone to realize the extent of the war unless they have been bombed," Mr. MacDonald said when asked if he thought Canadians fully realized the extent of the struggle.

"I think the people out here do not realize what a tremendous struggle this is going to be," he

said. "That is not in the least a criticism, however. We were the same way before we had been bombed, and we are now moving fast."

Mr. MacDonald is inspecting the Esquimalt naval base, Royal Canadian Air Force stations and the Fairbridge Farm School at Cowichan Lake during his stay here. On his return to Vancouver he will inspect naval establishments and shipyards. On Wednesday he will address a Canadian Club meeting. He will fly to Prince Rupert on Thursday, and leave the coast on Friday by air for Ottawa.

(See Page 13 for Mr. MacDonald's address before Canadian Club.)

Degree for MacDonald

KINGSTON, Ont. (CP)—Honorary degrees of Doctor of Law will be conferred on Rt. Hon. Malcolm MacDonald, High Commissioner of the United Kingdom to Canada, Adolf A. Berle Jr., Assistant Secretary of State for the United States, and Hon. J. Pierrepoint Moffat, U.S. Minister to Canada, during the biennial conference on Canadian-American affairs at Queen's University here June 25.

Honors Across Atlantic

United Democracies Prevent New Dark Ages—Churchill

ROCHESTER, N.Y. (AP)—Eulogized as the "symbol of Britain aroused," Winston Churchill received today an honorary degree of doctor of laws from the University of Rochester.

In a two-way transatlantic radio hookup, President Alan Valentine of the University presented the degree in absentia to the British Prime Minister, who accepted the diploma in a broadcast to America.

The ceremonies were carried by the British Broadcasting Corporation, the Canadian Broadcasting Corporation and the National Broadcasting Company (7:45 a.m. to 8 a.m., P.S.T.).

Accepting the award for the Prime Minister at the university's 91st annual commencement exercises was Noel Hall, Minister to Washington.

In his commencement address, Robert P. Patterson, Under-Secretary of War, predicted the current war would be a long one.

Asserting peace "is the greatest blessing possessed by man," Patterson said, however, "we have to work for it, and once we have it we must keep on working in order to hold it."

"Some day, whether in our time or not, whether next year or a thousand years from now, there will be peace," he said. "On what sort of world will it dawn? No man can say. But of one thing we may be sure. It will be a world a great deal worse than ours, or a great deal better. Every wheel that is turning today in the cause of national defence, every soul that is facing the future unafraid, is helping to determine that fateful alternative."

Peace With Freedom Crowning Work

In his citation, Dr. Valentine praised Mr. Churchill's war efforts and added: "May peace with freedom be your crowning work."

"We who remain here," he said, "must dedicate ourselves to the great task that this government by the people shall not perish from the earth."

The text of the citation: "Winston Churchill: From our cities, hills and plains, sprawling between two oceans; from this new nation, conceived in liberty, our hearts speak out to England. Mine-laden seas cannot divide us from that ancient stronghold of free men, nor bombs drown out their steady voices. England and America—our common cause is freedom. You lead that cause in England, resisting infection and the hand of war. Your skies are darkened while ours are safe and clear; your coasts beleaguered while our long shores lie open in the sun.

"No need for us to offer comfort, for your bluff words cheer England and cheer us. No need to do you honor, for even time hastens to write high your name. No need to cry 'courage,' to the sons of England. When Marlborough goes off to war, no one

"Our hands are joined"—Churchill inspects war work.

knows when he will come back, but we know he will not give up. Come the three-quarters of the world in arms, and England shall shock them.

People's Government Must Not Perish

"Rochester is an English name and the birthplace of your mother. From England we of Rochester learned the democracy of truth. To England go our scientists and our weapons to help our democracy and yours. And we who remain here—we must dedicate ourselves to the great task that this government by the people shall not perish from the earth."

"Winston Churchill, no longer historian and statesman but symbol of Britain aroused—stout in heart, direct in speech, cheerful in reverse, calm in confusion—America admires you. No turn of fortune can make us forget.

"To few men has so much been given; to no man has more been asked. Your countrymen have placed in your hands the fate of England at war; your fellowmen will turn to you to help create a world of peace. Can you and Britain, can we in America, acquire the greatness of heart, the vision, the magnanimity for that? Lead Britain to that end, and generations the world over will rise to bless you. May peace with freedom be your crowning work.

"By virtue of the authority vested in me by the board of trustees of this university, I confer upon you, the spokesman of liberty and justice in the old world, the degree of doctor of laws, honoris causa, and with it the hopes of free men and women across this continent."

Strives to Deserve U.S. Confidence

Following is the text of Churchill's address:

I am grateful, President Valentine, for the honor which you have conferred upon me in making me a doctor of laws of Rochester University in the State of New York. I am extremely complimented by the expressions of praise and commendation in which you have addressed me—not because I am, or can be, worthy of them but because they are an expression of American confidence and that, may I say, affection which I shall ever strive to deserve.

But what touches me most in this ceremony is that sense of kinship and of unity which I feel exists between us this afternoon.

As I speak from Downing Street to Rochester University and through you to the people of the United States, I almost feel I have the right to do so because my mother, as you have stated, was born in your city and there my grandfather, Leonard Jerome, lived for so many years, conducting, as a prominent and rising citizen, a newspaper with the excellent 18th century title of "The Plain Dealer."

A great poet has surely said, "People will not look forward to posterity who never looked backward to their ancestors." I feel it most agreeable to recall to you that the Jeromes were rooted for many generations in American soil and fought in Washington's armies for independence of the American colonies and the foundation of the United States. I expect I was

on both sides then, and I must say I feel on both sides of the Atlantic Ocean now.

At intervals during the last 40 years I have addressed scores of great American audiences in almost every part of the union. I have learned to admire the courtesy of these audiences, their love of free speech, their sense of fair play, their sovereign sense of humor, never minding the jokes that go against themselves, their earnest, voracious desire to come to the root of the matter and to be well and truly informed on all world affairs.

U.S. and British Pulses Throbs as One

And now in this time of world storm when I have been called upon by King and Parliament, and with the support of all parties in the state and the good will of the people, to bear the chief responsibility in Great Britain, and when I have had the supreme honor of speaking for the British nation in its most deadly danger and in its finest hour, it has given me comfort and inspiration to feel that, as I think you do, our hands are joined across the ocean and that our pulses throb and beat as one.

Indeed, I will make so bold as to say that here at least in my mother's birth city of Rochester, I hold the latchkey to American hearts. Strong tie of emotion, fierce surges of passion, sweep the broad expanse of the union in this year of fate.

In that hour of travail there are many elemental forces. There is much heart searching and self-questioning, some pangs, some sorrow, some conflicting voices, but no fear. The world is witnessing the birth throes of a sublime resolve. I shall presume to confess to you that I have no doubts what that resolve will be. The destiny of mankind is not decided by material computation when forces today are on the move in the world, stirring men's souls, drawing them from their firesides, casting aside comfort, amusement, wealth and the pursuit of happiness in response to impulses at once all-striking and irresistible. Then it is we learn we are spirits—not animals, and that something is going on beyond space and time which, whether we like it or not, spells duty.

British, U.S. Peoples Will Shape Society

A wonderful story is unfolding before our eyes. How it will end we are not allowed to know. But on both sides of the Atlantic we all feel—I repeat all—that we are part of it, that our future and that of many generations is at stake. We are sure that the character of human society will be shaped by the resolves we take and the deeds we do.

We need not bewail the fact that we have been called upon to face such solemn responsibilities. We may be proud and even rejoice amid our tribulations that we have been born at this cardinal time for so great an age, so splendid an opportunity of service here below. Wickedness enormous, embattled, seemingly triumphant, casts its shadow over Europe and Asia. Laws, customs, traditions are broken up. Justice is thrown from her feet. The rights of the weak are trampled on. The grand

freedoms of which the President of the United States has spoken so movingly are spurned and shamed. The whole status of man, his initiative and his nobility is ground down under a system of mechanical barbarism and of organized and scheduled terror.

Sympathy of U.S. Uplifts British

For more than a year, we British have stood alone uplifted by your sympathy and respect, sustained by our own unconquerable will power and by the increasing growth and hopes of your massive aid. In these British islands, that look so small upon the map, we stand the faithful guardians of the rights and cherished hopes of a dozen states and nations now gripped and tormented in a base and cruel servitude.

Whatever happens, we shall endure to the end. But what is the explanation of the enslaving of Europe by the German Nazi regime? How did they do it? It is but a few years ago since one united gesture by the peoples great and small who now lie broken in the dust would have warded off for mankind the fearful ordeal it has had to undergo. But there was no unity. There was no vision.

'Divided We Fall, United We Can Save'

The nations were pulled down one by one while the others gaped and shuddered. One by one, each in his turn, they let themselves be caught. One after another they were felled by brutal violence, by poison from within, by subtle intrigue. Now the old lion, with her lion cubs at her side, stands alone against hunters who are armed with deadly weapons and impelled by desperate and destructive rage. Is this tragedy to repeat itself once more? Ah, no. This is not the end of the tale. The stars in their courses proclaim the deliverance of mankind. Not so easily shall the onward progress of the peoples be barred. Not so easily shall the lights of freedom die. But time is short. Every month that passes adds to the length and the perils of the journey that will have to be made. United we stand. Divided we fall. Divided the dark ages return. United we can save and guide the world.

Vichy Sacrifices Troops in Syria

Canadian and Associated Press—Heavy fighting where the British and Free French forces had hoped for a minimum of bloodshed slowed the Allies' drive into the Levant today as Beirut and Damascus, capitals of Lebanon and Syria, almost were within their grasp.

"In spite of strong opposition offered by Vichy troops, Allied forces captured Kiseou on our right sector and Sidon on the coast," said general headquarters at Cairo.

The British, imperial and De Gaulle forces thus were able to advance to within five miles of Damascus and 12 miles of Beirut, according to British sources.

Kiseou, a strong point in the outlying defences of Damascus, is 10 miles south of the ancient

walls of that capital: Sidon, the northernmost town visited by Jesus, is 20 miles south of Beirut, on the Lebanese coast.

"Although every effort had been made to avoid unnecessary bloodshed in an operation of which the object was to counteract German infiltration and forestall arrival of more important German forces, heavy fighting has also developed on our central sector," the Cairo communique said.

The central sector is the region between Beirut and Damascus where the Allied thrust has carried to Djezzine.

Allied columns were closing in on Damascus from two sides after driving the defenders from Kiseou, lending point to repeated assertions in London that fall of the Syrian capital could "be expected shortly."

The force which captured Kiseou moved immediately across the River Aswad to Nahta, within five miles of the gates of Damascus, while another column, circling to the north and east, passed Adliyah and came within five miles of the city in that direction, Jerusalem reports said.

Edward Kennedy, Associated Press correspondent with the British forces around Sidon, said the column operating in the Djezzine sector—made up of Australian units reinforced by several

British regiments—was attempting to smash up the Litali River valley and drive a wedge between Damascus and Beirut.

CREW PROTESTS JAP BOMBING

TOKYO (AP)—United States Ambassador Joseph C. Grew personally delivered today a sharp 300-word note of protest to Foreign Minister Yosuke Matsuoka against Sunday's Japanese bombing of Chungking in which bombs fell in the American safety zone, narrowing missing the U.S. gunboat Tutuila.

The ambassador acted after he had received definite notification of the bombing from Chungking, and without waiting for instructions from the State Department. The Embassy declined to disclose exact wording of the communication to Matsuoka.

The ambassador received word at least five bombs fell in the vicinity of the U.S. Embassy at Chungking and of the gunboat. One bomb was said to have exploded 50 yards from the entrance to the embassy air-raid shelter, damaging offices and breaking windows in the embassy itself.

Edmonton Fire

EDMONTON (CP)—Fire of unknown origin in the heart of Edmonton's downtown wholesale and oil refinery district Saturday night destroyed a grain warehouse and all its contents and menaced several other establishments nearby. Damage was estimated at \$20,000.

Italy Freezes U.S. Accounts

ROME (AP)—The Italian government froze United States bank accounts in Italy today. The Bank of Italy instructed other banks to block the accounts of Americans.

Those who sought to withdraw funds this morning were turned away.

Italy's decision had been foreshadowed yesterday in a communiqué which said:

"Following the blocking of Italian and German funds and the registration of all foreign property by the President of the United States, the Fascist government, besides ordering suitable measures in reply, has ordered immediate registration of all property belonging to the United States and existing in Italy."

U.S. EMBASSY

The only United States property in Italy is the Embassy, which enjoys extraterritorial privileges, but Americans thought the decree would mean the property in Italy of all Americans.

(The speed of the Italian counter-action prevented Americans from replenishing their cash by withdrawals from accounts.)

(The freezing of Italian credits in the United States was ordered Saturday, after banking hours in Rome, and Italian measures came with the reopening of banks after the week-end.)

United States citizens' holdings in Italy were understood to be comparatively few—(Washington dispatches said they were estimated at \$142,000,000)—and most businesses already have been closed up by adverse conditions, while funds in lire have been long more or less blocked.

NAZI STATEMENT

BERLIN (AP)—A Nazi spokesman today declared the freezing of German and Italian funds in the United States was regarded as the Wilhelmstrasse as "unjustified." He said the entire question was being studied carefully—both as to effects of the American measures and possible German counter-measures.

Ottawa Policemen Tangle With Troops

OTTAWA (CP)—Fists and nightsticks were brought into play Saturday night when 12 French-Canadian Ottawa policemen tangled in the lower town with more than 30 men from the Cape Breton Highlanders, stationed at nearby Connaught Ranges. Nobody was seriously injured.

Five soldiers were turned over to military police when the fray ended.

Police said the rumpus apparently started when four soldiers, having won a box of candy at a carnival, tried to sell it to a colored man who wasn't much interested. When his resistance to their salesmanship continued they began to pummel him.

Constable Thomas Daley, Ottawa Roughriders football star, rushed to the colored man's aid but the four soldiers were joined by about 30 more men.

Eleven more cops joined the fray and, with nightsticks swinging, the police gained control of the situation.

Not Short of Oil

NEW YORK (AP)—Great Britain faces no immediate oil or gasoline shortage, Warner Grubb, Standard Oil Company executive, said on his arrival aboard the Atlantic clipper after spending four months in England.

Fires Started, Industries Destroyed

Cologne, Hanover Areas Blasted for Fifth Night

LONDON (CP)—The Royal Air Force, in a week-end crammed with activity, carried out extensive daylight sweeps in considerable strength over the English Channel and northern France, battered German industries for the fourth and fifth consecutive nights and dropped torpedoes against an enemy convoy off the Netherlands coast, probably sinking a 6,000-ton vessel, and damaging others.

This contrasted with the inactivity of the Nazis, who paid only brief visits to Britain Saturday and Sunday nights. Yesterday one enemy plane came through the defences to drop bombs on East Anglia, causing slight damage.

The Air Ministry issued this communiqué Monday:

"In daylight yesterday, aircraft of the bomber command resumed their search for enemy shipping along the Dutch and French coasts and in German territorial waters.

"In the Ems estuary south of Borkum, a cargo ship of about 1,000 tons was hit and the crew was seen to abandon ship. Near The Hague, a ship of 4,000 tons in a convoy was hit and set on fire and escorted flak (anti-aircraft) ships were machine-gunned. In another operation off the Dutch coast, a German E-boat (torpedo boat) was bombed and is believed to have been sunk. An escorted supply ship of about 6,000 tons was hit and damaged.

Strong Forces Over Germany

"Last night strong forces of aircraft of the same command again went to western Germany. Industrial targets were set on fire and extensive damage was done in the Ruhr and in the Cologne and Hanover areas. A smaller force attacked the docks at Kerkweg and aircraft of the fighter command attacked air-

dromes in occupied France during the night.

"From all these operations three aircraft of the bomber command are missing."

(Berlin reported several northern and western German cities were bombed last night in what German sources described as "widely scattered raids" by the Royal Air Force.)

An Air Ministry communiqué told of the series of sweeps carried out by aircraft of the fighter command in day raids Saturday over the Channel and German-held French points.

3 Nazi Fighters Downed in Combat

Airfields at St. Omer were attacked with direct hits obtained on airfield buildings. Fighters destroyed three enemy fighters in combat during these offensive patrols.

The great French port of Cher-

bourg was bombed, an airdrome there being the main target, while a German patrol boat in the Channel was attacked with machine-gun and cannon fire.

One British craft was missing from these operations.

With the coming of dark Saturday bombers set off for the fourth successive night on the mission of bombing German industry in Ruhr and Rhineland areas. The British aircraft attacked industrial targets, particularly in the frequently-blasted Cologne area.

"Fires were started," the communiqué said, "but low clouds made it impossible to observe the full result of the attack."

All bombers returned from these operations.

A Nazi bomber was also destroyed in last night's raids when bombs were dropped at two points in southern England. No damage or casualties have been reported.

People in the News

'Enlist, Buy Bonds'

Defence Minister RALSTON, said in Sudbury the greatest enemy on this side of the Atlantic Ocean was the idea there was lots of time and he made a twofold appeal: To young men to keep on enlisting and to citizens generally to support the \$600,000,000 Victory Loan.

"People are restless about this war," he said. "I find they want action."

"One of the reasons for their feeling this way is that there have been so few casualties to date in comparison with the last war. This war so far there have been 700 casualties (among Canadians) against 22,198 for the corresponding period in the last war."

Col. Ralston said there was plenty of action in Canada in preparing for the conflict. In Canada and overseas the nation had 250,000 men ready for service.

Willkie Honored

WENDELL L. WILLKIE was awarded an honorary degree by Dartmouth College, whose president told him "in political defeat you have become a greater force for unity than would have been possible for us in victory."

Willkie, listed only as "citizen" in the citation, and Navy Secretary Frank Knox were awarded honorary Doctor of Laws degrees at the college's 172nd commencement, at Hannover, New Jersey.

Victory Only Luxury

SIR PATRICK DOLLAN, Lord Provost of Glasgow, expressed confidence Canadians will succeed in their \$600,000,000 Victory War Loan campaign and, in reply, Mayor John Queen of Winnipeg declared the Lord Provost's confidence was "well placed."

The exchange of messages was heard over a national network of the CBC.

"One of our slogans expresses the spirit and determination of the people of Canada—'Victory is the only luxury we can afford,'" said Mayor Queen.

Sir Patrick, speaking to an old friend who had received his early training in Glasgow, said the Scots, like Canadians, were unafraid of any dictator—"they have pulverized dictators and despots in the past and will do so again."

'Will Fight Again'

MAYOR C. BEAUDIN, army chaplain, said in Montreal "French-Canadians have fought, are fighting and will fight again for the right to retain their liberties under the British crown."

"They know our country is one of the few countries remaining in the world where such religious liberty, granted by the British crown, may be held in broad daylight," Maj. Beaudin said.

Joins U.S. Navy

JOHN ROOSEVELT, the President's youngest son, will join his three brothers in the United States armed services Monday when he goes on active duty with the navy, he disclosed after quitting a position with a large Boston department store. His brothers, James, Franklin Jr., and Elliot are, respectively, officers in the marine corps, navy and army air corps.

Tallulah Free Again

TALLULAH BANKHEAD, stage and screen star, has divorced John R. Emery for "cruelty, entirely mental in character." She is in Reno.

What Will He Tell?

REV. MICHAEL COLEMAN, pastor of London's Tower Hill Church, in Vancouver, at a Victory Loan rally: "What am I to tell the people of London on my return? They believe Canada and its people are 100 per cent behind them in the fight against the Hun and in the bloody ordeal through which they are passing. That belief sustains them through the hours of darkness, when bombs are falling, and killing friends and relatives."

"But, what will they think if I have to tell them that in one city of Canada, beautifully situated in a wonderful country, the people responded half-heartedly to the call for money and men."

"We need more ships and cannot do without them; yet your newspapers tell us that halfway through the campaign for a \$600,000,000 Victory Loan, which is to finance the building of ships, and in a campaign for 32,000 recruits, the response has not met expectations."

Must Use Time

CANADIAN HIGH COMMISSIONER MASSEY said Canadians must resolve the soldiers of Empire who take part in the coming battles of the war will lack nothing money can buy or labor can make.

"When we say 'time is on our side' we mean Hitler knows as our power increases, so his vision of victory will fade," Mr. Massey said. "But time is on our side only if we use it, only if we bring our great resources into play in time."

Flays Government

LONDON (CP)—Charges of "mismanagement, gross inefficiency and incompetency in production of munitions and in other spheres" were made today in an attack on the government by Jack Tanner, president of the Amalgamated Engineering Union, which has 500,000 members.

"Despite the fact it prides itself on being a national government . . ." Mr. Tanner said, at the opening of the union's national committee meeting, "the unpalatable truth remains that employers and bankers are really the government."

"I know of no single instance in which a worker has been given the position of controller of any commodity . . ."

"The retreat from Crete was something more than a military mistake. It had some of its roots in mismanagement on the home industrial front."

"As members of the working class we have the right to be guaranteed that if we make the utmost efforts to produce munitions, those efforts will not be turned to naught by a group of incompetents."

Few Canadians In Syria Fight

LONDON (CP)—A Canadian military spokesman, commenting on Vichy claims that units of the Dominion's forces are fighting in Syria, said that if there are any Canadians on that front they are members of British units.

"There is no Canadian unit in Syria," he said, "but it is possible there is an isolated Canadian or two in Allied regiments. It must be remembered that Axis moustache has had Canadians all over the map, particularly in Greece and Libya."

Just 'Mere Skirmishes'

ARMY MINISTER PERCY SPENDER in Sydney: "Recent events have loomed close to our horizon but far greater events are possible," and he added that in relation to the forthcoming events the battles of Greece, Crete and Syria "seem like mere skirmishes."

Spender said it was apparent German attempts to avoid or at least postpone a clash with United States was one of the most significant features of the war.

Despite the currently "extreme quietness" in German-American relations, the tension must rise and "we must not expect relief or help from Russia."

"It is wiser to expect a rigid rule of narrow self-interest to dominate Russian policy."

"We can lose the war," Spender warned, "unless we count no cost too great to insure our survival."

Canadians Encourage

R. T. BOWMAN, recently back in Canada after 16 months in Britain, stated "Britain will win the war, but the winning presents a particular challenge to civilians in Canada." Man for man, he said, the soldiers, sailors and airmen of the British and imperial forces were superior to the enemy. It only remained to give those forces weapons as good as those used by the enemy.

In Britain, the people were "thrilled" when they read in their newspapers what Canadians had done in their various war efforts.

"They get as much encouragement from that as they do from the sinking of the Bismarck."

Charge Vichy Ships Used to Aid Nazis

By DREW MIDDLETON

LONDON (AP)—The Ministry of Economic Warfare charges that the French merchant fleet controlled by Vichy undoubtedly is operating under the German armistice commission at Wiesbaden in the transportation of materials vital to the Reich, and is even being used to carry troops.

Eighty per cent of the Vichy vessels entering the Mediterranean are concentrated on carrying ground nuts and palm kernels from French West Africa to Marseille for transportation to the Reich, where the crops are of "immense importance to Germany in making fats, oils and greases," said the ministry in a statement.

One of Germany's most embarrassing shortages is estimated to be in fats, and the nut crops are estimated at 450,000 tons in a normal year.

GUARDED BY NAZIS

The ships are zealously guarded by German naval officers shielded as "observation officers," the ministry said, and there is no doubt in the minds of ministry experts that the supplies are going to Germany.

The ministry said Vichy ships also are carrying part of the yearly output of 700,000 tons of Indo-China rice to Germany, 80,000 tons of phosphates to Italy and 58,000 tons of phosphates to Germany from Tunisia.

Other Vichy ships are being allocated to a German sea route

which skirts Greece to the Dardanelles and carries produce from Russia, Rumania, Greece and Yugoslavia to the Italian port of Trieste, said the ministry. Officials said the route is "being used extensively."

TROOP TRANSPORTS

Some ships of shallow draft were said to have been allocated to troop transport in the Mediterranean.

Germany and Britain are waging an economic campaign in the Mediterranean which is less spectacular but no less important in its strategic implications than the military campaign of Hitler to break out of Europe, said the ministry.

Vital considerations for Hitler, it was said, are control of the Vichy merchant fleet and relief of the over-burdened railroads of eastern Europe and the Balkans so he can draw to the full on the resources of Russia and the Balkans.

The British objective, said the ministry, is to cut off Hitler's resources by use of the Royal Navy where possible, and prevent distribution of French colonial products to Germany by exercising diplomatic pressure and military action.

TO MAKE DIET MORE ATTRACTIVE

By RUSSELL LANDSTORM
LONDON (AP)—Britain's diet still is nourishing enough, but it lacks the things that "give a kick to life."

That's the latest report from Britain's Ministry of Food.

"We have enough meat to keep up our health, though not enough for happiness," explained Lord Woolton, the food administrator. "The shortage of meat is affecting us more than anything else, because the English meal is built around meat. It's hard to get any real substitute."

"And our diet today is dull, a matter of real concern. It's not enough to have foods high in nutritional value. We must have tasty foods served as colorfully as possible. We must have that to keep up morale."

Lord Woolton is hoping for quantities of canned meats and fish from the United States to put the "kick" back in British eating.

The government has found that, as people eat less meat, they also eat fewer vegetables. A campaign has been launched to increase consumption of vegetables other than potatoes, as a means of giving variety to a diet which permits only four shillings (about 90 cents) worth of meat a week for a family of four.

"One thing is sure," Lord Woolton told me, "there'll be no shortage of onions. We'll have so many onions you Americans won't be able to stand it in Britain."

NO VITAL SHORTAGE

Despite a cold, late spring's delay of the growing season, and the impact of shipping losses on the food supply, the Ministries of Food and Agriculture reported Britain is not confronted with a shortage of vital foods.

As to the fundamental foods essential to maintaining physical life, Lord Woolton asserted the nation is generally as well off, and as secure, as a year ago. "Notwithstanding the unhealthful lives we have been living," he added, "the King's physician tells me the health of the country has been maintained."

Canada Will Build Tribal Destroyers

OTTAWA (CP)—Munitions Minister Howe said last night work was starting in Canadian shipyards on construction of two Tribal class destroyers and a Canadian Press report of his Friday interview with American newspaperwomen in which he was quoted as saying two warships of a size "between a destroyer and a cruiser" would be built was hardly correct.

"I was trying to explain to the newspaperwomen what a Tribal class destroyer is," he said.

"I told them it was larger than an American destroyer and smaller than a cruiser, but they are the same type as some of the destroyers we already have."

He announced British technicians would be brought to Canada to help in the work and in training Canadian experts.

Mr. Howe said he did not know when the two ships would be completed.

Compensation For A.R.P. Workers

OTTAWA (CP)—Compensation for those engaged in air-raid precaution work in Canada has been recommended and is being considered, and Pensions Minister Ian Mackenzie told the House of Commons Saturday he had "every hope that it will be implemented."

Replying to questions from Howard C. Green, Conservative, Vancouver South, the minister said there had been no specific recommendation for establishment of centres for storage of A.R.P. equipment but if that necessity arose he would see that they were provided.

The government provides equipment and instructions for air-raid precaution work under a federal government air-raid precaution officer.

Are We Appeasing?

HOW CANADA IS SUPPOSED TO BE appeasing Japan in one way or another is a subject to which much editorial space has been devoted in various parts of the country in recent months. From the polite and seemingly reasonable language of officialdom at Ottawa we have learned that certain forest, farm and other products have gone to Nippon—and still are going—with the full knowledge and acquiescence of the British government, and that specific contractual engagements have demanded, and do demand, fulfilment in the essence. In short, as matters appear to stand, little likelihood exists of any material change in the procedure unless the not altogether unexpected should intervene. Neither Great Britain, Canada, nor the United States is at war with Japan, and until relations between these democracies and Tokyo become what may be described as strained—to employ the familiar euphemism—or, at least, more provocative than they already are, normal trading save in a few especially proscribed commodities probably will continue.

We know on this coast, the government of this province and the government at Ottawa know, that ships are being loaded at our ports and at ports in the neighboring republic with goods for Japan that conceivably may be either converted into war materials for use against China, transhipped by way of the Trans-Siberian Railway through Russia to Germany, or actually broken down in devious form for use eventually against Canadians, Americans, Latin Americans, and the free peoples in the Southern Seas. We may be overstating the case. Proceedings of the Parliament which adjourned for its summer recess last Saturday, however, have provided us with some of the evidence which is obviously exercising the minds of many who believe with President Roosevelt that a tiger is not transformed into a cat by stroking it. Japan's contribution to Axis schemes is to maintain an attitude that will obscure her own precise program of action in the Pacific—although most of the kites her official political and military spokesmen have sent up have landed in Nippon's backyard. Her recent dealings with the Netherlands East Indies, for example, were suitably publicized as the final showdown. The men of Tokyo even set a time limit; unless they obtained what they regarded as the irreducible minimum in the shape of additional supplies of tin, rubber and oil, there would be the very devil to pay—and without further delay.

So far, however, Japan appears to be more disposed to continue negotiations for some qualification of the original terms than to make good her threat. Her apparent hesitancy to launch another war before finishing one that will soon enter its fifth year may be ascribed to several important considerations, to understand which will not overtax the average imagination. Not that the fire-eating militarists of Tokyo are likely to let out altogether the nation's ambitions in the South Pacific without some compelling reason for so doing than is at present in evidence. But Japan's general conduct since the hand of Hitler was forced to extend its grasp in the Balkans and the Mediterranean, her failure to try to force the Dutch East Indies into making the concessions which Tokyo so belligerently demanded, and despite her flamboyant assertions of Axis solidarity and her own staunch adherence to the military pact to which she subscribed last September, suggest that neither Canada, Great Britain, nor the Americas would bring war in the Pacific any nearer by discontinuing their accommodating export business to the Oriental aggressor. To say that all these transactions are carried out in strict conformity with diplomatic propriety and international law does not alter the fact that Japan is being assisted in her own war effort; it interjects a strident note into the chorus of admiration which goes up for the gallant fight for democracy which the Republic of China continues to wage.

If we must satisfy some of Tokyo's potential war needs, if only to prevent an open breach between her Axis government and the democracies, there should be a more determined effort than ever to give China the tools to finish her particular job. More planes, more guns, more ammunition in the hands of Generalissimo Chiang Kai-shek would quickly cancel Japan's threats and ambitions in the Pacific and hasten the departure of her armies from the territory they have invaded. And official Ottawa and Washington, as well as London, would breathe more easily.

Into the World

SELDOM HAVE CLASSES OF STUDENTS been graduated from the halls of Alma Mater "into the world" by so short a step. This generation of students has been "in the world" all the time. There is a certain tendency among men of the present mature generation to apologize because the world in which today's students find themselves is less than a perfect world. In many ways it is a malevolent, a savage world. Some students seem to resent this. Some older men seem apologetic about it. Yet every generation must make its own world. The classes that were being graduated 20 years

ago had not had their school days in a world which was exactly all beer and skittles. They made a brave effort to do something about it. Perhaps it is too broad to say that they largely failed. Certainly they did not make a permanent success. They tried, which is all a person, or a generation, can do.

There was a young man in that other war, a young American, who did not relish going into it. In fact, he had been a pacifist. But he went to the war anyway. At the grave of the Unknown Soldier at Arlington the other day he said a significant thing: "What did it get you?" they ask. It got me 23 years of living in America... we fought that last war to make America safe for democracy, and we did, for a while... By our victory we won a lease on liberty, not a deed to it... Now Adolf Hitler tells me that lease is expiring. I choose to renew it."

Well may we look at it that way; well may the young Canadians Canada is calling look at it that way. The men of 1914-1918 failed to get a perpetual deed on the old place, and there are leaks in the roof and other badly-needed repairs and alterations. But they did not get evicted and lose the house; they did get a lease, with privilege of renewal. It is up to the new generation, if it wants to continue to live in the old house, to renew the lease. Any alterations and repairs graduates may want to make are up to them. Every generation has remodeled the place considerably, and it has become a better house every time.

What did graduates expect on becoming fully participating tenants in the national house? A paid-up deed in perpetuity and plans all ready for alterations? This year's graduates to "the world" are assuredly welcomed to it. They have their job before them—the roof to fix, the new wing to build, old and tottering partitions to tear down. They may even have to renew the lease at the same high price that has been paid for it before. But it is a grand old house, built on a firm foundation, solid, roomy and comfortable. We have seen just enough of the young people who are now becoming full-fledged tenants to feel sure they will leave it a bigger and finer house than they find it today.

Guessing Games

BRITONS ARE SHOWING NO INCLINATION to put undue credence on the antics of Stalin and Hitler and the high-pressure propaganda campaign that would have the world believe these two dictators are waiting for the drop of the hat to fly at one another's throats. There seems to be a growing conviction in London that if the Fuehrer is "exercising" a hundred or so divisions at strategic points along the Russian frontier, he is either trying to impress the men of Moscow with the Reich's growing military might in intelligent anticipation of economic and other favors to come, or else he has ordered these manoeuvres to intensify a war of nerves which by this time has lost a good deal of its force or importance. If the army in the Soviet domain is growing weary of Stalin's appeasement of Germany, and if its general morale and equipment have improved beyond all recognition since the Finnish "incident"—as experts affirm—a showdown might come were the men of Berlin to try to drive too hard a bargain in respect, for example, of the Ukraine and the Russian oil fields in the Middle East.

About the best that can be deduced from the ample crop of rumor is that relations between the two conspirators are not as cordial—if they ever earned that description—as they were supposed to be. It is becoming increasingly clear, moreover, that Hitler is reaching the point at which he must take the initiative on the grand scale if he is to place his promise of victory this year in the realm of possibility. The situation in Syria, Iraq, and latest developments on the North African front cannot be allowed to remain as they are. Nor can he tolerate the acceleration of the Royal Air Force's bombing campaign indefinitely. The countermove is due. Only he and his chief lieutenants know where the next blow against the Allies will fall. If he has selected Russia for the creation of another diversion, which, of course, is probable, Britain will be pleased. But Mr. Churchill and his colleagues know that the Nazi hierarchy's chief worry is the British Commonwealth and United States aid—not Soviet Russia. The guessing game is intriguing while it lasts; Britain is ready for realities.

Promotion and selling expenses of last year's Dominion war loan were 0.88 per cent. The 1941 Victory Loan is expected to cost even less.

BIG BORE

From New York Post
Kichisaburo Nomura, Japan's Ambassador to the United States, has been postering Secretary Hull with another Axis "peace" proposal. Japan, says Mr. Nomura, would be honored if the Hon. United States would sign a nonaggression treaty with his mis-understood, peace-loving government.

Japan's motive in proposing nonaggression is clear. Tokyo wants a free hand to attack Singapore and the Dutch East Indies. She thinks she may gain it by a promise not to distract the United States Navy in case there's trouble in the Atlantic—a promise which would be worth less than its weight in feathers.

No sale. Mr. Nomura might as well close up his sample case. If Japan wants to be friends, of course, she can be. The United States is ready, but only after Japan has performed acts of friendship which qualify her to speak of good will.

She can show this by withdrawing from China, removing her threat to Singapore and the East Indies, renouncing her "new order" in the Far East, cancelling her membership card in the Butcher Gang, quitting her insidious anti-democratic program in South America, cutting off her supplies to Hitler, and discontinuing the sword rule of her government.

When this is done, Uncle Sam may consider an offer.

ONE FOURTEENTH

BRITISH COLUMBIA'S isolation from the rest of Canada, which has manifested itself from time to time in many quaint political beliefs and in curious braying sounds in some places, is now apparent again in the conscription question. In British Columbia it seems generally understood that we are going to have conscription in Canada any day now. The whole recruiting campaign, those in charge tell me, is held up because the boys imagine they will all be going into the army together shortly and why hurry now.

There is no sign of conscription in Ottawa. There is no drive for it in Parliament. There is no prospect of it in the immediate future. It may come, of course, but it is not practical politics at the moment. British Columbia assumes, however, that the thing is inevitable because everybody out here is talking about it, and a man who goes down the street and finds three others who agree with him naturally believes that the whole nation is unanimous.

For years out here in British Columbia we have assumed that our views about a lot of things must be the view of Canada, and they haven't been and are not now. Canada, not British Columbia, will decide the conscription issue. We are only one-fourteenth of Canada.

OLD BACHELOR

THE NEW YORK TIMES, with a sudden rush of sentimentality to the eyes, observes the seventh birthday of the Dionne quintuplets and it rises at the table, glass in trembling hand, to announce that seven is the most attractive age of women. For then, it says, they can sit on your knee without creating your pants seriously, or making your leg numb, they will hug you for two pennies and they have not yet learned to paint their fingernails or use tobacco.

This, of course, is the mere doddering of a confirmed old bachelor who knows nothing of life. The age of seven is a terrible age, as the Times would know if it had coped with it. At seven they begin to ask questions which no one can answer. They begin to read and bob up with all kinds of notions concerning your guests' looks which leave you speechless. Moreover, they begin to sow radishes all over your vegetable garden. And they get steadily worse, through the hair-curling stage, the clothes-conscious stage, the boy-observing stage, the party stage, and you can only call them safe and satisfactory when they near 40 and the steak-cooking stage. That is the proper age for women.

JOBS

THE PARLIAMENT of Canada is going to pass a law to protect soldiers in their civilian jobs. This is an obvious and useful thing to do, when we shall have about 434,000 men in active service at this year's end, more by the war's end and most of them anxious to go back to work when peace is declared. But you can't absorb about half a million men into the industry of Canada overnight; any more than you can absorb all the workers in munitions factories that will be closed when the war is over. You must have much more than mere legislation telling an employer to give a soldier back his job. Supposing there is no job to give? And anyway, what happens to the man occupying the job during the war?

Quite obviously, to state a fact apparent to everyone, we are going to face the largest test of our statesmanship in history and a project much more difficult than the comparatively simple mobilization of a country for war. Yet we have no plan and no idea of how to do it. In the United States, I happen to know, President Roosevelt already has drafted detailed plans for public works to take up the postwar slack. In Britain the government has made elaborate studies and blueprints. Here, so far as the government has indicated, we have nothing. If the war were to end tomorrow we should start then to think about it.

The government is too busy to do anything but make war, but it has plenty of bright men around it who are not too busy, or, if they are, others can be obtained. It is incredible that we have not set up in Canada already a planning committee representing every great interest and group in the nation—not too many, but half a dozen sound fellows who could be measuring the problem, finding the danger spots, devising even stop-gap remedies, if they can't agree on a chart for the future.

GEMS OF THOUGHT—GOOD EVER OBTAINABLE

"Because you lack a noble and successful past, is no real reason why you should lack a noble and successful future."—Thomas Dreier.

"The law of nature is, Do the thing, and you shall have the power; but they who do not the thing have not the power."—Emerson.

"Faith in divine Love supplies the ever-present help and now, and gives the power to 'act in the living present.'"—Mary Baker Eddy.

"The present is never our object; the past and the present we use as means; the future only is our end. Thus, we never live, we only hope to live."—Pascal.

"Every good gift and every perfect gift is from above, and cometh down from the Father of lights, with whom is no variableness, neither shadow of turning."—The Bible.

Parallel Thoughts

"Whatsoever is commanded by the God of heaven, let it be diligently done for the house of the God of heaven."—Ezra 7:23.

The fear of some divine and supreme powers keeps men in obedience.—Burton.

Elmore Philpott

INVADE, WHICH ISLAND?

If Hitler had unlimited time he would probably attempt the invasion of Elre before that of Britain herself. He might so nearly complete the encirclement of Britain, by conquering Elre, that the strangulation of the former would be only a question of time.

But the risks are also great. One effect might well be declaration of war by the U.S. A more obvious danger is delay—the loss of a few weeks time.

Hence my guess that Hitler will strike directly at Britain this summer.

Nothing that has happened in Greece, Crete, or anywhere else changes my view that Britain has the ability to withstand and defeat a German invasion attempt; indeed that such an invasion attempt would eventually prove to be the best thing that could happen to us in this war; as the defeat of the invasion would end once and for all doubt as to Britain's ability to survive. To invade Britain with any hope of success the Germans would need to accomplish three objectives:

1. Air supremacy over one patch of the skies.
2. Control of one or more sea lanes, either as a result of complete air supremacy, or some other means of driving the Royal Navy from part of the seas.
3. Landing and maintaining in Britain of an army capable of overcoming resistance of Empire armies, now numbering over 4,000,000.

Defence Diet

We now have a scientific yardstick for planning the daily diet that will give health, strength and morale for total defence. The yardstick, translated from laboratory terms of allowances for vitamins, minerals, protein, fat and carbohydrate, was announced by Dr. Lydia J. Roberts, head of the department of home economics of the University of Chicago, at the National Nutrition Conference for Defence called by President Roosevelt.

Here it is:
One pint of milk daily for an adult, more for children.

One serving of meat.
One egg daily, or some suitable substitute such as beans.

Two servings of vegetables daily, one of which should be green or yellow.

Two servings of fruit daily, one of which should be a good source of Vitamin C, such as the citrus fruits or tomatoes.

Bread, flour and cereal, most and preferably all of it whole grain or the new, enriched bread, flour and cereals.

Some butter daily, or margarine with vitamin A added.

Other foods to satisfy the appetite.

Total number of calories are set at 3,000 for a moderately active man and 2,500 for a moderately active woman.

Cheaper cuts of meats, Dr. Roberts reminded, are just as nourishing as the more expensive ones.

Many people, in fact the majority, follow this pattern now in planning their daily diets. They do not always quite come up to the yardstick, however. The green vegetables, Dr. Roberts pointed out, may only be a scrap of lettuce under a salad, and even if a more generous serving is given, it may not all be eaten.

Defence on the nutrition front calls for actually eating every day the food allowances set by the new yardstick.

Japanese army authorities have placed electric fences on Peking city walls, it is reported, to prevent "undesirable and lawless elements from escaping."

GOOD HUNTING!

IN THE ANCIENT SPORT OF FALCONRY, A TRAINED BUT VICIOUS HAWK SPRINGS INTO THE AIR FROM ITS OWNER'S WRIST, OVERTAKES, KILLS AND DROPS A BIRD BEFORE THE WAR, TWO OF THE WORLD'S GREATEST ENTHUSIASTS FOR THIS PRIMITIVE KIND OF HUNTING WERE

CHARLES PORTAL IN ENGLAND, HERMANN GOERING IN GERMANY. IS IT A COINCIDENCE THAT TODAY ONE OF THEM COMMANDS THE R.A.F., THE OTHER, THE GERMAN LUFTWAFFE?

STATESWOMEN NEXT?

From Christian Science Monitor
J. B. Priestley, renowned for his plain-spoken talks to ordinary, everyday people over the radio, has expressed some progressive ideas about women. For instance, he has declared that when the turmoil of war is over and people settle down to reconstruct society on a new basis, women—and middle-aged women at that—should take over at least 50 per cent of the government of every country. He backed his suggestion by explaining that since government is really glorified housekeeping, and since women are by nature housekeepers, it is only logical to suppose that they will be able to undertake such governmental housekeeping with greater success, and far greater ease than men.

PHEASANTS AND CROPS
H. W. Saunders in Cowichan Leader
This spring I planted field corn to use as green feed for cows during the fall months when pasture is short. The corn is being destroyed wholesale by pheasants. As soon as the young shoots appear they dig down and eat the seed.

It is useless to get a permit to shoot as it is impossible to get near the birds in an open field. Then, most of the damage is done at daybreak, soon after 3 a.m. Therefore you will see it is impossible to protect one's crops, as even a farmer requires a few hours' sleep.

I was down at the corn plot at 4.45 one morning, and over 100 pounds of corn were destroyed. Last year I planted potatoes that should have produced about 2½

tons. I harvested barely enough for use in the house. We hear reports of an acre of tulip bulbs being destroyed, besides many other crops.

What are we going to do about it?

Better English

1. What is wrong with this sentence? "The money we received is not scarcely enough for the purpose."

2. What is the correct pronunciation of "helious"?

3. Which one of these words is misspelled? Historian, mathematician, speciman.

4. What does the word "rhythmic" mean?

5. What is a word beginning with de that means "to describe or represent vividly"?

Answers

1. Omit not. Say, "is scarcely enough." 2. Pronounce hay-nus. 3. Specimen. 4. Marked by, or manifesting rhythm. "They swung along the road in rhythmic motion." 5. Depict.

In ancient Zoroastrian religion of Persia the equivalent of hell was a bitter cold place.

Weddings

McARTHUR-JEFFERY

A graduate of St. Joseph's Hospital was the bride at a pretty wedding solemnized by Rev. T. R. Lancaster in St. Andrew's Anglican Church, Sidney, on Saturday afternoon at 3 between Eileen Mary Geraldine, daughter of Mr. and Mrs. C. E. Jeffery, Saanichton, V.I., and Mr. John Munro McArthur, son of Mr. and Mrs. D. McArthur, 1355 East 13th Avenue, Vancouver. The groom is a graduate of the University of British Columbia.

Madonna lilies graced the altar and delphiniums, peonies and sweet peas in the pastel shades were arranged in the chancel with lilies tied with white satin ribbons on the guest pews. Mrs. E. W. Hammond and Miss K. Hammond were responsible for the floral decorations. Mrs. H. G. Horth was at the organ, and during the signing of the register, Mr. Walter Jones sang "O Perfect Love."

Mr. Jeffery gave his daughter in marriage. She was lovely in her gown of white chiffon over taffeta, appliqued with tiny bows of velvet ribbon, and featuring a gathered bodice, puff sleeves and a short train. Her fingertip veil of embroidered net was worn beneath a coronet of lily of the valley, and in her lace-mittened hands she carried a shower bouquet of pale pink roses and white sweet peas.

Miss Ada Fritch was maid of honor in coral sheer, with gathered bodice, puff sleeves and ruffled skirt, and Miss Margaret McLean of Vancouver, bridesmaid, wearing ciel blue sheer, with square neckline and puff sleeves, both wearing doll hats of ruffled net to match their crowns and carrying sheaves of blue delphinium and coral gladioli. Mr. Murray McGregor of Vancouver was best man. Corp. R. A. Jeffery, brother of the bride, was usher.

After the ceremony about 70 guests were welcomed at the Royal Oak Inn, where the floral decorations repeated the blue and coral note. The supper table was centred with the three-tiered wedding cake, topped with lily of the valley, orange blossoms and a tiny silver bell. Mrs. Jeffery received in Queen's blue crepe, inset with lace, and picture hat of blue straw, assisted by Mrs. McArthur of Vancouver, in a jacket gown of Alice blue lace, with black straw hat trimmed with blue flowers, both wearing corsage bouquets of pink roses.

Out-of-town guests included Mrs. John Brownlee, Mrs. Peter Campbell, Mr. and Mrs. D. McArthur and Mr. John Munro, all of Vancouver; Mrs. Isobel Noble, Mr. and Mrs. Geo. Simpson, Mrs. Homer Dean, and Edwin and Donnie Dean, all of Seattle.

For the honeymoon in Vancouver and other mainland points, the bride left in a New York model dress of powder blue crepe with tailored blue coat and white accessories. They will make their home at Deep Cove, V.I., on their return.

YARKER-PEARSE

A pretty wedding was solemnized at 8.30 Saturday evening in St. Mark's Church when Rev. O. L. Jull united in marriage Ida Phyllis, youngest daughter of Mr. and Mrs. J. Pearce of 833 Darwin Road, Victoria, to Serg. John Frederick Yarker of R.C.A.F., Patricia Bay Station, and son of Mr. and Mrs. J. A. Yarker, Silver Birch Lane, Toronto. The church was effectively decorated with blue delphiniums and roses.

The bride, who was given away by her father, looked very attractive in a delphinium blue dress with a lace jacket, with blue halo hat and blue accessories. She wore a corsage of white sweet peas and roses. Mrs. W. Pearce assisted as matron of honor in a beautiful rose-colored dress with white accessories, and corsage of pale pink sweet peas and roses. Serg. Pilot Stewart Buchanan, R.C.A.F., also assisted as groomsmen.

A reception was held at the home of the bride when the happy couple received the felicitations of relatives and intimate friends. Mrs. Pearce was gowned in navy blue with navy accessories and a corsage of pink carnations. The groom's mother assisted, attired in a tan and white redingote with white accessories. The bride's table was beautifully decorated with sweet peas and roses, and was centred with a three-tiered wedding cake flanked with tall pink tapers in silver holders. Out-of-town guests included: Mrs. J. Yarker, mother of the groom, from Toronto; Mrs. R. Morris and Mr. Ivor Shallis of Vancouver.

The bride and groom were the recipients of many handsome and useful gifts, among which was a silver tea service from the associates of the groom of the security corps, Patricia Bay, also a sandwich toaster from the fellow worker of the bride in the Saanich Municipal Office. The honeymoon will be spent on the mainland, the bride traveling in a topcoat of beige over her costume. On their return, Mr. and Mrs. Yarker will take up residence at Brentwood.

time. On their return, Mr. and Mrs. Yarker will take up residence at Brentwood.

McDONALD-McBEATH

The marriage took place at Esquimalt United Church at 12 noon on Saturday between Marjorie Elizabeth, second daughter of Mr. and Mrs. Adam McBeath, Grafton Street, Esquimalt, and Mr. Ronald McDonald, R.C.A.F., Rev. MacDonald officiating.

The bride was attended by her sister, Miss Peggy McBeath, and the groom by Mr. C. N. Craik, R.C.A.F. The bride and bridesmaid were attired in Queen's blue frocks with matching turbans and white accessories with corsages of lily of the valley and roses.

After the ceremony a small reception for relatives and a few intimate friends of the family was held at the home of the bride's parents. Mr. and Mrs. McDonald left on the afternoon boat for Vancouver where the honeymoon will be spent.

GORRIE-DOBESON

NANAIMO—A wedding of wide interest throughout the province was solemnized by Rev. T. W. Reed in St. Andrew's United Church, when Ursula, daughter of the late Mr. and Mrs. Thomas Dobeson, one of the city's early pioneers, became the bride of Major D. F. Gorrie, son of the late D. Gorrie and Mrs. Gorrie of Perth, Scotland.

Given in marriage by her brother-in-law, Judge C. H. Barker, the bride was attended by Mrs. Frank S. Cunliffe, Capt. Roy Manzer, D.F.C., Victoria, was groomsmen.

A reception was held at the home of Judge C. H. Barker and Mrs. Barker, when Mrs. W. F. Drysdale was soloist.

Following a brief honeymoon, the couple will reside in Vancouver.

HOLDING-NEWTON

On Saturday evening at 8 in the First United Church vestry, Rev. Hugh McLeod united in marriage Marion Ethel, eldest daughter of Mr. and Mrs. J. A. Newton, Edmontan, and Mr. Clarence George Holding, second son of Mr. and Mrs. T. Holding, 2808 Rock Bay Avenue.

Given in marriage by Mr. "Bud" Green, the bride wore a floor-length frock of white net, with matching veil that fell from a halo of orange blossoms, and carried a sheaf bouquet of pink roses and white carnations. Miss May Sippitts was maid of honor in a gown of peach sheer, with blue accessories, and carried a bouquet of pink and mauve sweet peas. Mr. Victor Holding supported his brother.

An informal reception was held at the home of the groom's parents, Mrs. Holding receiving in a blue dress with pink accessories and corsage bouquet of pink carnations and sweet peas. The supper table was centred with the three-tiered wedding cake, flanked by tall pink tapers in crystal holders.

The bride and groom left to spend two weeks at the home of her parents in Edmonton before returning to Victoria to live. She traveled in a serenade blue dress, with beige sports coat and white accessories.

HUGHES-ROTH

The marriage of Marion (Peggy) H. Roth and Walter G. Hughes took place on Saturday morning, June 14, at 11 in the West Seattle Christian Church, the ceremony being performed by Rev. Carol M. Ridenour.

The bride was given in marriage by her brother-in-law, Mr. W. Everett Lum of Seattle and looked radiant in a jacket dress of natural Shantung silk, with which she wore a navy blue hat and other accessories in blue, while her corsage bouquet was of orchids. The matron of honor, her only attendant, was her sister, Mrs. W. Everett Lum, who wore a jacket dress in sea spray green, a large white hat with black velvet streamers and a corsage bouquet of gardenias. The bridegroom was supported by a fellow student from the University of Washington, Mr. Neil Cone of Seattle.

For the ceremony the church had been beautifully decorated with white gladioli, calla lilies, orange blossoms and sweet peas. During the service, Mrs. G. Spencer rendered two vocal solos, "I Love You Truly" and "Because."

Following the ceremony a reception and wedding breakfast, at which 25 sat down, was held in the Washington Athletic Club, where assisting in welcoming the guests was the bridegroom's mother, Mrs. G. T. Hughes of Victoria, who was smart in a jacket dress of Queen's blue crepe with a white hat and white accessories, while her corsage bouquet was of yellow rosebuds and violets. Rev. C. M. Ridenour proposed the toast to the bride.

Early in the afternoon the bride and bridegroom left to spend their honeymoon in Vancouver and Victoria. For a time they will make their home in Seattle,

Social and Personal

Mrs. A. C. Stewart of Yorkton, Sask., is visiting Mr. and Mrs. R. A. Patrick, 2290 Woodland Crescent.

Miss Alberta Shillabeer, who has been visiting relatives in Edmonton for two weeks, returned on Saturday to her home at Langford Lake.

Mrs. W. J. Parkes, Vancouver, is the guest of her son-in-law and daughter, Mr. and Mrs. Lewis Bryden Smith, at Langford Lake for a few days.

Mrs. H. C. Molyneux of Duncan, is spending a week in Victoria, visiting her parents, Mr. and Mrs. J. H. McConnell, Linden Avenue.

The infant son of Mr. and Mrs. G. Mead-Robins, James Island, was christened by Rev. Warren P. Turner in St. Stephen's Church, Saanichton. The baby received the names of Patrick George and the godparents were Mr. Anthony H. G. Storrs, Victoria; Rev. R. J. Pierce, Calgary, Alberta, and Miss Brenda Stonham, Victoria.

During the morning service at St. Michael's and All Angels' Church, Royal Oak, the infant son of Mr. and Mrs. F. E. Blake, West Saanich Road, was christened by Rev. Canon H. V. Hitchcox, the child receiving the names of David Leonard Rutherford. The godparents were Mr. Brodie Quick and Mr. and Mrs. W. R. Orchard. The water used at the christening was brought by Mrs. Orchard from the River Jordan.

Mrs. S. Rabey, 3650 Elliston Avenue, entertained Friday evening at her home at a miscellaneous shower in honor of Miss Beth Taylor, whose marriage to Mr. Leonard E. Noakes will take place at the end of the month, and also in honor of Mrs. George Bowditch, who left Saturday to join her husband in Halifax. The guests of honor were presented with lovely corsage bouquets and the many useful gifts were presented to the bride-to-be in a gaily-decorated clothes basket. Mrs. Bowditch poured tea and the guests present were Mrs. George Bowditch, Miss Beth Taylor, Mrs. A. Slocomb, Mrs. F. Ross, Mrs. S. Rabey, and the Misses Doreen Loughne, Jean Thomson, Winnie Williams, Verlyn Lawson and Ethel Ramsay. Other invited guests were Mrs. C. Sluggitt, Miss Edith Crocker and Miss Grace Revercomb.

Miss Doreen Anderson, a bride-to-be of this month, was guest of honor at the tea hour on Sunday afternoon when Mrs. J. H. McConnell and her daughter, Mrs. H. C. Molyneux of Duncan, entertained jointly at Mrs. McConnell's home, 345 Linden Avenue. On their arrival, Miss Anderson was presented with a corsage bouquet of sweetheart roses and her mother, Mrs. F. E. Anderson, with a corsage of pink carnations. Tea was served from a lace-covered table centred with a silver bowl filled with pink and white rosebuds, with tall white tapers in silver scones. Others present included Mrs. Harold P. Johns, Mrs. C. Copeland, and the Misses Louise and Olive Ormond, Phyllis Winterbottom, Helen Proctor, Davena Ritchie, Vivian Martin, Muriel Anderson, Joyce Winterbottom and Marjorie Ferris.

Inspected Cadet Nursing Group

An interesting function took place at the Crystal Garden auditorium when St. John Ambulance Brigade Cadet Nursing Division No. 61 was inspected by Dr. Isabel Day, assistant district surgeon to the brigade. Accompanying Dr. Day were Mrs. E. G. Thorne, lady superintendent nursing division No. 61; Mrs. E. V. Harwood, nursing officer; Mrs. E. Rogers, Miss W. M. Harrison, Mrs. F. Hussey, Mrs. J. Lindal, and Mrs. T. V. Hayward, ambulance officers.

A review of the year's work was presented, which included stretcher drill by B. Warner, E. Newcombe, D. Constable, A. Gibbs and S. Gibbs; display of home nursing and roller bandaging by H. Malcolm, N. Smith, I. Wilson, H. Bayley and others. A unique feature was the exhibition of the uses of the triangular bandage, arranged by E. Wakelyn, M. Ball, C. Halton and B. Hobbs. A mock competition was held between senior team, P. Morley, M. Gibbs, H. Bayley, H. Malcolm,

Youth Gathering At Beacon Hill

Supporting the Victory Loan, Victoria youth paraded to Beacon Hill Park Saturday afternoon and put on an impressive demonstration before a thousand spectators, who lined the edges of the football grounds to view gymnastics, drills, dancing and various other forms of entertainment. Sandham Graves spoke on behalf of the war loan.

He told the crowd that for over 1,000 years Britain had been carrying high the torch of freedom, and today was still performing that duty. The victory of Great Britain over the Nazi evil would be a victory for the world, a victory of light over darkness. He asked the people to invest in Canada, to lend all the money they possibly could to put the Victory Loan over the top.

At 3 the youth parade streamed into the park, led by the Highland Lassies' Pipe Band under Lillian Grant. The Canadian Girls in Training followed, with the St. John Junior Ambulance Corps next, the Kinsmen's Boys' Band following this organization, the Rainbow Sea Cadets, the Victoria Chinese Youth Association, the Y.M.C.A. Junior Leader Corps and the Provincial Recreation girls marching behind.

In the demonstration the Pro-Rex, under the direction of Miss Frances Borde, performed complicated drill numbers, the C.G. I.T. rendered choral selections, the Highland Lassies danced the "Reel o' Tulloch" and the "Highland Fling," and the Y.M.C.A. boys, under the direction of Ken Marsland and Tom Harding, gave an acrobatic demonstration. A model airplane display by members of the Victoria Model Airplane Club finished the program.

JUNE 16, 1916

Total enlistments in British Columbia during May were 1,953 men. In Canada, during the latter half of May, 7,557 men joined the army.

Victoria yesterday voted to close stores and offices on Saturday afternoons. Vancouver and New Westminster voted likewise.

President Wilson and Vice-President Marshall were nominated by acclamation by the Democratic national convention at St. Louis.

Rev. J. Wesley Miller, pastor of North Saanich Methodist Church, was, with Mrs. Miller, guest of honor at a farewell social at the residence of Mr. and Mrs. F. Pfister, Sidney. Mr. Miller will take a church in Vancouver.

Pioneer B. W. Brown, 20, has been killed in action, his parents, who live at 941 Green Street, have been advised. Private Hugh Mooney has also been killed in action, as were Herbert Appleby and Lieut. C. M. Adams. Trooper Talbot Wheatley, son of Mr. and Mrs. Martin S. Wheatley, was recently wounded.

The Ladies' Guild of St. James' Church held a successful garden party at the home of Mr. and Mrs. Frank Kermode, 126 Ontario Street. The pretty gardens lent themselves well to the various booths. Mrs. Scriven opened the fete.

Sir Douglas Haig has mentioned Major-Gen. Currie of Victoria and Lieut.-Col. Odum for gallant and distinguished conduct.

Gargrave Candidate

POWELL RIVER, B.C. (CP)—Herbert Gargrave, Vancouver, provincial secretary of the C.C.F., will be C.C.F. candidate in the Mackenzie riding in the next British Columbia election. He was named last night. Gargrave ran in the same constituency in the 1937 provincial election, being defeated by M. J. Bryan, Liberal.

CHINA'S STRONG ARMY

CANBERRA (CP)—Recently a visitor in Australia, T. Z. Koo of the World Student Christian Movement, said the Chungking Chinese government now has an army of 3,200,000 men of whom only 250,000 were Communists, under General Chou-en-lai.

LOOK OUT FOR YOUR LIVER

Buck it up right now
and feel like a million!

Your liver is the largest organ in your body and most important to your health. It pours out bile to digest food, gets rid of waste, supplies new energy, allows proper nourishment to reach your blood. When your liver gets out of order food decomposes in your intestines. You become constipated, stomach and kidneys can't work properly. You feel "rotten"—headachy, backachy, dizzy, dragged out all the time.

For over 35 years thousands have won prompt relief from these miseries—with Fruit-a-lives. So can you now. Try Fruit-a-lives—you'll be simply delighted how quickly you'll feel like a new person, happy and well again. 25c, 50c.

WORKERS ALL:

Back up our
Fighting Men
Their cause is yours

• This is a mechanized war. Never before has the responsibility for the outcome of a war fallen so squarely upon the shoulders of those who toil in workshop or office, factory or farm. Proudly labour has accepted the challenge. Throughout the land, night and day, rises the clang of metal and the tireless hum of industry—of men and women at work.

Canada's war effort calls for huge sums of money. To turn back the tide of tyranny, to protect your right to be free, more ships and planes are needed, more tanks and guns, more food for soldier, sailor and airman. You, the worker, are asked to invest your savings, and some of your wages, in Victory Bonds. You are not asked to give, but to lend. All of Canada is your security for repayment. A good rate of interest and a gratified sense of loyalty are your rewards. Invest generously and cheerfully.

Act now. Make sure your dollars will have a glorious share in helping to crush the barbaric power that would make slaves of free men.

10% cash and the balance in monthly instalments. Bonds may be bought in denominations of \$50, \$100 and \$1,000 and larger. If as a result of unforeseen contingencies you are unable to meet the instalment payment a loan may be arranged with your bank with your Victory Bond as collateral security. Dominion Government bonds have always enjoyed the highest degree of marketability and there never has been a time when they could not be readily realized upon for cash.

HOW TO BUY

Telephone your local Victory Loan headquarters and an authorized canvasser will call upon you immediately or place your order directly with your bank or trust company. Don't delay. Go to the telephone now and call your Victory Loan headquarters.

GRACIE FIELDS ON PLAZA BILL

"Queen of Hearts," featuring Gracie Fields and John Loder, opens today at the Plaza Theatre. Gracie Perkins is at work in an invisible mending shop opposite the theatre where Derek Cooper is appearing in "Queen of Hearts."

Time and time again had Gracie resolved to get Derek's autograph and time and time again had her heart failed her at the critical moment. But as she sits working in the shop late at night there bursts in upon her two companions who bring the unwelcome news that the show is closing down that night. Gracie Perkins decides it is going to be now or never, and hastily wrapping up the work upon which she is engaged, she and her companions make their way to the stage door.

Grace manages to get through her number. Then follows a hilarious catch-as-catch-can between Grace and the policeman. Finally the curtain goes up for Gracie to impersonate the "Queen of Hearts" in the big number. The action ends in romance for Gracie and Derek, prosperity for the Perkins family, and defeat for the scheming Yvonne.

'Broadway Limited' Opening Tomorrow

The boy who stood on the burning deck through several stanzas of purified poetry had nothing on Victor McLaglen and a fellow actor, named Eddie Acuff. McLaglen and Acuff stuck to their posts in the blazing cab of a locomotive and saw their iron steed safely through a perilous journey. The show had to go on.

It happened at the Hal Roach Studios during the filming of a scene in the new comedy, "Broadway Limited," which is slated for its initial showing at the Dominion Theatre tomorrow. McLaglen and Acuff, in the respective roles of engineer and fireman, were in the cab of the locomotive—a duplicate of the engines used to haul the famous Broadway Limited of the Pennsylvania line between Chicago and New York.

Director Gordon Douglas wanted very much to complete the final scene of the day's shooting. After that, there would be no more use for the locomotive. It would be "struck," and its parts sent back to the railroad. The cameraman asked for more fire in the coal car; he wanted a healthy blaze in the lens. He got it.

STELLARIUM IN PICTURE DEBUT

For the first time in screen history, a patented invention comparable to the radio, makes its initial appearance in a motion picture.

It is the Stellarium, invented and patented by Bruce Gallup, and used for astronomical sequences in Columbia's "The Lady in Question," which stars Brian Aherne and Rita Hayworth at the Cadet Theatre.

The Stellarium is a midjet planetarium, enabling the amateur to place all the major stars and constellations at a glance.

'The Philadelphia Story' at Oak Bay

Katharine Hepburn has returned to the screen, and how, in "The Philadelphia Story," picturization of her rollicking New York comedy stage hit, which is showing today at the Oak Bay Theatre. Teamed with Cary Grant and James Stewart, Miss Hepburn is superb.

It is unusual because it is different, a comedy with an intriguing plot that sets a new high in humor. The story deals with a Philadelphia society girl who couldn't demand perfection in a husband.

By PETE SALLAWAY

WHEN BILLY CONN steps into the ring on Wednesday night for his heavyweight title fight with Joe Louis he will have one strong backer in James J. Braddock, a former champion.

Here's what Braddock has to say about the coming scrap:

"Joe Louis is in for trouble when he risks his heavyweight championship against Billy Conn. I think Louis at his peak was the greatest fighter I've ever seen, a good boxer and a murderous puncher. But he is past his peak. He has never met a boxer as good as Conn. And he has never faced a challenger who moves about or throws punches as fast as Conn.

"It has been nearly four years since Louis won the championship from me, June 22, 1937. He has turned back the challenges of many contenders, some of them good men. But time has changed him. He isn't the hungry, ambitious fighter he was.

"He isn't as fast. And his punches don't carry the zip they did a year or two ago. Mediocre fighters have taken his Sunday punches without going down. He has softened up. He gets cut occasionally now. He gets hit with punches he never had dodged before. Conn will not be hit anywhere near as often as those bigger, slower fighters Joe has beaten. Some say Conn, when he is hit, will lose his temper and try to slug with Joe. I don't think so. I think he will be too smart. Anyway, it will be a great fight."

Jimmy Hines says that one of the principal handicaps of many golfers—duffer and star alike—is that they refuse to see themselves as others see them.

The average player faces any hazard with far more courage than he can confront the truth about his game, points out the noted U.S. professional.

Fully 90 per cent of golfers work toward the improvement of

their games, but too many build on a paper foundation.

"A man who shot an 82 on a sunbaked course in 1937, but who had never previously been under 90, immediately adopts the 82 as representative of his normal game," asserts Hines.

"He verbally flays himself every time he goes above that mark.

"Instead of carefully studying his swing on short approaches or long irons, and diligently going about the business of cutting down his score systematically to a point where he will average 82 in 10 rounds, he continues to jab blindly at the ball, blaming the rub-o'-the-green, his clubs and the course.

"If he were to forget that 82 and carefully analyze himself as a 90-shooter, awakening to the fact that 10 dubbed approaches each round account for the difference between the score he believes he should have and what he, in reality, is capable of shooting, it wouldn't be long before he could truthfully say he was in the low 80's.

"Experienced professionals frequently blow themselves right out of tournaments in wind by refusing to condescend to a straighter-faced club simply to avoid being seen using the same implement some duffer had used from the front of the long tee on a calm day the previous week.

"There was a striking example of this on a windy day in the Goodall round-robin at Fresh Meadow. Under perfect conditions, the 143-yard, tightly-trapped ninth hole is an easy No. 8 iron shot for most professionals. On this particular day it was necessary to bore into a strong head-wind.

"The spectacular was expected, and several of the big names attempted to respond to the gallery with the No. 8 iron. The result was that few shots hit the green."

Jimmy Hines advises golfers to take stock of themselves.

Feder Picks Conn

Will Decision Louis

By SID FEDER
NEW YORK (AP)—For the first time since Joe Louis began to chop down assorted heavy-weight stock and carve it into convenient sizes, the folks have changed their tune from "We believe you" to "You gotta show us."

A majority still think he's going to belt Billy Conn around in the Polo Grounds Wednesday and brush off the 18th challenge to his heavyweight crown. A crowd of 40,000 will watch the fun after contributing to a gate of \$500,000 or so.

But as Louis and the cocky kid from Pittsburgh polished up their shots today in final sparring sessions at their training camps, even some of Joe's sincerest boosters were willing to acknowledge for the first time that he won't have any minutes to waste doing it on this occasion. They know that his best chance of knocking the stuffing from Billy lies in catching Conn before he's warmed up.

No one knows that better than the Bomber himself.

WILL RUSH CHALLENGER

All his training has been pointed toward a repetition of the fast footwork he put in on Max Schmeling in their second fight. He has concentrated all

his sparring along one line—rushing his punch-absorbers into a corner and then dealing dynamite.

He has told this corner just that. Yet I don't think he'll catch the little man that quickly or with one punch. That's why I pick Conn to win the decision, thus becoming the 16th ruler since Sullivan in the royal heavy-weight line.

But although he was slowed 'way down since the night he sent der Moxie to a hospital in two and a half minutes, and his guns no longer pack the shells they once loaded, it is conceivable Joe may still be redhot and rarin' for this one effort. He still can hurt any man he hits, but if he lets Conn escape for as much as five rounds, the chances are he's beaten.

"I know just how fast I have to go, and that's how fast I'll go against Joe," Conn said. "I'm a clinch to win the decision. Why, he's just another guy named Joe now."

BACKS MR. INGLIS
To the Sports Editor:—Backing up Mr. Inglis' remarks on boxing in Victoria. I attended that boxing show and came to the same conclusion that Vic Murdoch did when the fight. But had Jack Turner fought his man instead of fighting to the crowd and not attending to business the decision might have been different. As for the report of the fight in your paper it didn't do the boxing game any good in Victoria. Let's get behind the judges and try and help, not hinder, our local clubs.

Raise \$302 for British Relief

Saturday's one-day golf tournament held at the Victoria Golf Club in aid of British war relief raised \$302, according to an announcement made today by Phil Taylor, club professional in charge of the affair.

This sum will be sent to A. G. Spaulding & Co., sponsors of the tournament, on behalf of the British War Relief Society Inc. Chairman of the committees in charge of these one-day tournaments is Bobby Jones. Saturday's tournament attracted 138 entries. Alan Taylor was the winner with a net score of 65 closely followed by Dick Field with a 66.

Other Victoria clubs plan to hold one-day tournaments later in the summer.

JUVENILE BOXLA

Foul Bay, unbeaten in the juvenile lacrosse wars for the past two years, continued its winning ways on Saturday night when it nosed out Saanich Beavers 11 to 9 in the weekly juvenile A fixture. This was the closest game of the season for the boys from Fairfield.

In the two juvenile B games, Times waltzed through the Colonist aggregation 18 to 6, to take over the top berth, and Clarksons came through with a great second half drive to defeat Oaklands 10 to 7. This verdict puts the two latter teams in a second place tie, two points behind the Times.

Albions Defeat C's Cricketers

Putting on 149 for eight wickets the Albions trimmed the Five C's 23 runs in a friendly cricket match played Saturday.

Les Gibbons put on a splendid 51 for the winners, before retiring. Stenton and E. D. Freeman also chalked up fine scores at the wickets.

The Five C's, batting first, got away to a good start, Griffin and Quainton putting on 58 runs for the first wicket. After the fall of the third wicket for 65 the C's lagged and their innings closed for 126.

Cricketers from Brentwood College marked up a pair of victories over the week-end, defeating the University School by three wickets and the Cowichan Club by 97 runs. In the match against Cowichan I. G. Gillespie put on a smart 53 not out while McClean scored 34. Not a single member of the Cowichan side reached double figures. I. G. MISSIS CHANCE

Dan Cowan missed a good chance to even the score when he drove a free kick over the bar, and a few minutes later Jimmy Love hesitated too long and muffed a good opportunity to send United further into the lead.

After 29 minutes of play Glover made the score 2 to 0 on a long shot from the left wing. Bert Lowery, Radials' goalie, tried to kick the ball clear, but shoved it further into the net instead.

Radials took command of play as the second half opened, but it was not until the 10 minute mark that they succeeded in getting on the score-board, with Greer booting in the counter. The play was started by Johnny McKay, who passed out to George West, the latter snapping the ball to Greer at centre.

Eric Camp, centre-half for Radials, paced his hand-driving teammates in the final half, feeding good passes to the forwards and saving a number of good North Shore shots when play got into dangerous territory.

POFAHL SUSPENDED
WASHINGTON (AP)—Short-report Jimmy Pofahl, ordered to report to the Senators' Chattanooga farm team for more seasoning, left instead for his home in Fairbault, Minn., Saturday night and owner Clark Griffith ordered him suspended.

The Senators were reported to have paid Minneapolis between \$30,000 and \$40,000 for Pofahl in 1939.

Yankees Move Within Two Games of Top Spot

DiMaggio's Homer Beats Cleveland

New York Yankees are scoring the American League again with a sizzling, seven-game winning streak that has Cleveland Indians trembling on their pedestal.

Yesterday they polished off the Indians for the sixth time in nine meetings this season and reduced the tribe's margin at the top of the league to two games. They had proved Saturday Bob Feller is not invincible and they came right back with a pepper game against young Jim Bagby and won 3 to 2.

The Yanks did all their scoring in the first three innings, Joe DiMaggio providing the climax with his 13th home run, to extend his hitting streak to 28 consecutive games. After Bagby was removed in the fourth, Lefty Al Smith silenced the bombers with one-hit hurling, but it was too late.

The first two games of the series attracted a total of 88,123 fans and the Sunday baseball program as a whole drew a turnout of 186,783, including capacity crowds at Boston in the American League and St. Louis in the National.

The Cardinals and Brooklyn Dodgers were fighting for first place in the latter city, and 34,543 spectators saw them divide a double-header.

DODGERS SPLIT

Kirby Higbe pitched seven-hit ball to hold the Redbirds in subjection, and Lew Riggs batted in four runs, three on a ninth-inning homer, as the Dodgers won the opener, 8 to 1. Then Ernie White retaliated with a two-hit mound spectacle to take the nightcap 3 to 0. The Cardinals made only five hits, but scored three times in the third when Hugh Casey blew up and forced two runners across on walks.

A throng of 34,500 at Boston saw the Red Sox sweep two games from Chicago White Sox, 3 to 6 and 6 to 4. Boston made 15 hits in the first game and 11 in the nightcap.

Philadelphia Athletics battered St. Louis Browns, 10 to 4, with a 14-hit offensive and eight-hit pitching job by Johnny Babich. The A's attack included Bob Johnson's 13th home run of the year in the midst of an eight-run up-rising in the eighth inning. Rain prevented the scheduled second game.

Washington and Detroit divided their bargain bill. Sid Hudson was wild, giving eight walks in addition to eight hits, but managed to pitch the Senators to a 7 to 5 triumph in the first game. A homer by Bruce Campbell and a double by Pat Mullin brought the Tigers a 4 to 2 victory before darkness halted play after six innings in the nightcap.

Cincinnati Reds took a hefty hold on third place in the National League by nailing New York Giants 5 to 2 and 6 to 3. Chicago Cubs and Philadelphia Phillies split their twin bill. Claude Passeu pitched a 6 to 0 shutout for the Cubs in the first game and Charley Root added five scoreless innings in the second before the Phillies blew their top with an eight-run rally started by Danny Litwhiler's single and ended with his home run. Result, Phillies 8 to 4.

Boston Braves beat Pittsburgh Pirates 5 to 1 on the five-hit pitching of Bill Posedel and a 14-hit assault on five Pittsburgh flingers. Rain halted the second game.

Pitzer and Nex Play Tillicums

Tonight's senior league ball game at the Athletic Park will feature a clash between Pitzer and Nex and the Tillicum Athletics. Starting time is set for 6.

Saturday the Eagles and Chemainus split their two-game program, the up-landers taking a hard-earned 3 to 2 decision in the afternoon and the lodgements coming back to register a 10 to 1 verdict in the nightcap. Result left Chemainus within a game of winning the McGavin Cup. Next Saturday the leaders will be here again for two games with the Tillicums.

The afternoon game was the most interesting played here this season. It was a heartbreaker for pitcher Stan Davies to drop. Given better support, the big right-hander would have marked up a 3 to 1 win. Patterson, Eagles' catcher, had a bad afternoon, his two errors giving Chemainus as many runs.

Big break of the game came in the sixth inning. With Chemainus leading 3 to 2, Strouger smashed a long hit to left field for two bases. With two away, Davies cracked the ball to centre field, for what was a certain two-base knock scoring Strouger with the tying run, but the pitcher failed to touch first base and was called out when Chemainus made the delayed play.

Davies allowed only six hits, while he struck out seven and walked three. Eight errors proved his downfall. Jack Naylor pitched for Chemainus and gave up eight hits. He fanned four and walked six. Strouger led the hitters with three for four.

Fifteen hits, including seven for extra bases, featured the Eagles' win in the evening game. Stratton, big left-fielder, smashed a home run inside the park. The Eagles took to Haley Jackson's offerings like ducks to a pond and pounded the Chemainus hurler hard throughout the eight innings.

It marked the second triumph for pitcher Les Stobo over the up-landers. He beat them 4 to 0 on their home lot. Stobo gave up seven hits, struck out three and walked a like number. Jackson was replaced by Naylor in the seventh.

Restell and Patterson shared the batting honors, each getting two for three.

Central High Helps Red Cross

The Camosun branch of the Canadian Junior Red Cross at the Central Junior High School has had an active season. Formed early in February, the Red Cross Council, with representatives of each class in the Junior High School and presidents of each of the eight service clubs in the school, has raised \$375 for war service work. Contributions have been made to the Junior Red Cross Society, to the senior Red Cross Society, to the Crippled Children's Fund of the Solarium, the Soldiers' Fund and the Air Raid Fund.

Forty dollars was raised by penny-cards posted in each classroom, grade 7B raising \$11 by sacrificing candy and other treats.

Through the eight service clubs 2,000 articles were completed. A thousand clean woolen garments were collected in a recent drive for Bundles for Britain. One of the youngest of the Red Cross Juniors, Beverly Horne, has hemmed more than 160 handkerchiefs, and Doreen Gleave has collected 40 pounds of silver foil paper. Unique among the articles brought in for the branch were five afghans, the contribution of an all-boys class, 9E.

In two paper drives, the branch collected seven tons of waste-paper and several thousand magazines for the men on active service.

Shirley Drysdale was president of the Junior High School Red Cross Council, with Eileen Chaster, vice-president; Maud Almond, secretary-treasurer; Eric Pearson, service convener; Daziel Hammick, program convener, and Eva Lind Hunter, health convener.

DO YOU KNOW?

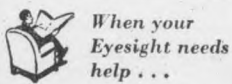

That B.C. has invested \$6,000,000, or an average of \$768 per person in War Savings Certificates during the first year of War Savings organization in this province.

That out of 1,100 schools in B.C. over 200 have reported more than \$117,000 invested in War Savings Stamps by the students since September, 1940.

That 3,528 students in 10 New Westminster schools have saved more than \$7,300 since last fall. That school children all over B.C. are joining the S.S.S. (School Savings Service) for holiday months. They will be given a small S.S.S. report booklet in which to enter their summer savings. Those who save as much as they are able will return the booklets to the teachers in September and receive an attractive S.S.S. button resembling the air force bull's-eye in red, white and blue — this button shows that they are S.S.S. members. Pupils are reported to be enthusiastic about the whole plan.

That in Wells, 13-year-old Raymond Quinville bought a \$50 War Savings Certificate with money earned delivering groceries, chopping wood, doing chores, etc. His brother Jack saved up \$40 for a bicycle some time ago, but he decided Canada needed planes and tanks more than he needed a bicycle, so he invested the money in a War Savings Certificate.

Letters From The Front

We'll Win Through With 'Winnie' at Head

Being bombed out of one's house is an average day's event, according to word received here by Miss Mabel Saunders, Vimy Avenue, from her sister in Nottingham.

"We have changed our abode owing to the pressing attention of Adolf Hitler and Co. February 19 he came over and the warning sounded just as had cleaned up all my silver. I had been doing it at night to pass the time away. It was actually 9.30, so I left everything spread out on the table, took my handbag and went down to the ground floor which was my usual practice. I kept a suitcase down there packed with a change of clothes and my important papers and hat, coat and gloves. It was lucky I did as it turned out.

I had just got down when it was like hell let loose. The front door blew in, the windows blew out and I was blown into the downstairs tenant's dining-room flat on my face. All around glass was blown in every direction and, being a 14-room house, it was terrible. At 10.15 p.m. we were all in a public shelter, on the Common, being cared for by the kindest of people and not one of us had even a scratch. God was very good to us that night. We all had things packed so just

Other pupils who are paid for carrying in wood, minding babies, delivering papers, etc., use part of this money for stamps. picked up our goods and chattels when we were told to get out because there was a time-bomb handy.

"The next day I made arrangements to have the furniture removed. It was very dirty because of the ceilings falling in, but not a cup was broken, which was nothing sort of a miracle."

The writer then describes finding a new house and immediately planting seeds for foodstuffs in the garden: Peas, runners, onions, broccoli, sprouts, turnips, carrots, beans, lettuce and raspberry, currant and gooseberry bushes, an apple, plum and pear tree. "We are growing all we can over here these days."

She then describes the film "London Can Take It" as being very true of conditions in England. "We'll win through, though, with Winnie at the head of us. Our lads are all doing their bit. They are wonderful boys. And the girls, too, are made of the real stuff. Our King and Queen are very popular. They go about the bombed areas sympathizing with people totally unafraid. A very popular song on the radio at the moment is "The King Is Still in London Town and He Would Be there, if London Bridge Was Falling Down."

"Malaria and relapsing fever, considered tropical disease in China, have been carried by refugees and soldiers as far north as Shansi province, about 40 degrees latitude.

Settlement of the boundary dispute between Thailand and French Indo-China left the famous Angkor ruins in the latter country.

Army Will Hold 'At Home' June 28

Saturday, June 28, has been set aside as the first "army day" in Canadian history, and army camps, barracks and training centres throughout the Dominion will be thrown open to the public, Maj.-Gen. B. W. Browne, adjutant-general, said in a radio address yesterday.

He also announced that up to midnight Saturday, 13,015 men have been enlisted for active service since the current recruiting campaign began May 17.

Another 19,000 were needed in the next month to reach the objective of 32,000 men.

June 28 has been set aside so that the general public and parents, wives and friends of Canadian army personnel can see for themselves what goes on in military establishments.

"I think you will get a real thrill when you see these men in uniform..." Gen. Browne said. "I think you will feel as I do that our country's destiny is in good hands in strong hands—in steady hands."

Expressing the opinion that "if we needed 100,000 men instead of 32,000 we would get our quota a lot sooner," Gen. Browne said 32,000 "is just small enough to make many people say: 'I guess I might as well wait until they come around again—they won't have any trouble getting this lot.'"

"Well, it just isn't the sort of war when any of us can afford to put off until tomorrow the things that need doing today, and remember, as long as you are not helping to beat Hitler—you're helping him to win."

Gen. Browne had high praise for the men in the army today—"An army to be proud of"—and added:

"No country ever turned out finer soldiers than the Canadian corps of the last war and I am sure that when the time comes for our army to go into action in this war, the new Canadian corps will be filled with the same spirit which made the old Canadian corps of 1914-18 the spearhead of victory."

Training Started

First contingent of students for the western Canada small arms training centre at Camp Nanaimo has arrived and started training. Students undergoing training have been chosen from various units, and on completion of their courses will become instructors.

The immediate program is for instruction in chemical warfare and physical training. Lieut.-Col. Ralph Richmond has announced that a rifle range now being built on the flank of Mount Benson will be available for use not later than mid-July. The range is 600 yards long.

The small arms centre was moved to Nanaimo recently from Lethbridge, Alta.

Evening Class Trains For Royal Roads

Preparatory to entering H.M. C.S. Royal Roads about mid-August for three months' training as probationary sub-lieutenants, after which those who pass will receive commissions in the Royal Canadian Navy, a group of Victorians is studying one evening a week at R.C.N. Barracks at Esquimalt.

In the evening class are George A. Pownall, H. B. Barnett, L. E. Horne, F. C. Robinson, H. A. Batey, R. F. Thorpe, E. J. Cofield, D. C. Elliott, J. B. Foubister, A. F. Garven, J. W. Green, R. P. Harris, J. C. F. MacDonald, V. D. Ramsay, D. B. Perrins, R. A. Price, I. G. H. Williams and R. T. McKean.

The second class of probationary sub-lieutenants is now at Royal Roads and will be finished the first week in August. Members of the first class of 100, which finished the end of April, are now scattered across Canada, some aboard ships at sea, others in shore establishments.

GARDEN CITY

A program of campfire activities was presented by the 1st Colquitz Scouts and Guides, Friday, in Marigold Hall. The skits, "St. George and the Dragon," "Trail Pals," and "Just Married" by the Guides were greatly enjoyed, as were also those of the Scouts, entitled "Cat Pie" and "The Backward Patrol." Scoutmaster Davis related Indian legends. Ted Shadbolt was accompanist. Program conveners included Ranger captain, Miss P. Stocken; Guide lieutenant, Miss S. Barrack, and Scoutmaster G. Davis.

Cecil Cates Joins Up

Cecil Cates, well known in Victoria, and recently a resident of Chemainus, has left for eastern Canada to join the Royal Canadian Air Force.

While in Victoria Mr. Cates lived at 1034 Chamberlain Street and attended Bank Street School. He later went to South Qu'Appelle, Saskatchewan, where he attended high school.

His wife and their two children will remain in Chemainus, where Mr. Cates was employed by the Victoria Lumber and Manufacturing Company.

A new Royal Canadian Air Force hospital near the scene of the crash in which Sir Frederick Banting was killed last February has been named Sir Frederick Banting Hospital, R.C.A.F. headquarters has announced. The hospital is at Gander Lake, Newfoundland.

DUNCAN

A plan of health service for school board employees, proposed by the Medical Services Association, has been forwarded by Duncan School Board to the principals of the schools. The elementary school has collected for the Junior Red Cross \$212, and pupils have bought stamps and bonds amounting to \$1,163.50 plus some English bonds to the value of \$22 10s. Tenders for painting and fuel were awarded to Claude Green and Armour Bros. respectively. A report submitted by the appointments committee recommended salary increases to selected teachers.

SHIRLEY

Shirley Women's Institute voted \$6 to the Overseas Fund and \$3 to buy sugar for jam for bombed-out areas. Plans were made for the children's picnic on June 21. The institute decided to "adopt" the six lads from Shirley in the services — three overseas and three in Canada—sending a gift box each month containing cigarettes, candy, etc. Enough money has been raised by the "Dime-a-month-a-member" fund to purchase the second War Savings certificate. Mrs. Ludbrook Wins Major Rose Honors

Mrs. R. H. Ludbrook took major honors in the Victoria Horticultural Society's rose show at the Crystal Garden Saturday. She had 37 points and took the Naysmith Trophy, awarded the entrant securing most points in all open classes.

Mrs. Harriet Marshall, with 33 points and H. O. Simpson, with 30, were in second and third places.

The R. A. Nicholson Cup, for the best exhibit in the floral section, went to John Naysmith, who also won the prize for the best pot plant. W. E. A. Barclay, with "Paul's Lemon Pillar," won the prize for finest rose in the show.

SALT SPRING ISLAND

Property on Ganges Hill, former site of St. Paul's Anglican Church, which was destroyed by fire about three years ago, has been purchased by Warren Hastings of Ganges.

Mr. and Mrs. Wright have arrived on the island from Ontario and are guests of Mrs. Wright's sister and brother-in-law, Dr. and Mrs. E. H. Lawson, Ganges.

The Junior Red Cross unit of South Salt Spring, pupils of Isabella Point and Burgoyne Bay schools, under the superintendence of their teachers, Mrs. A. Hepburn and Miss Pottinger, raised \$23 for the Red Cross Wednesday in the garden of Mrs. George Maude by serving tea to visitors and sales from stalls. The miniature Red Cross hospital made by the children was much admired.

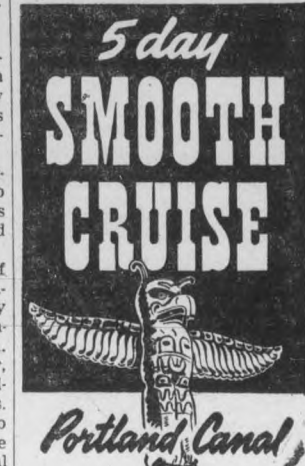

Fifty guests attended the annual strawberry tea and garden party arranged by the Ladies' Aid of United Church at Ganges, held in the grounds of Dr. and Mrs. E. H. Lawson's home at Ganges. Mrs. J. Dewar and Mrs. Lawson welcomed the visitors. Miss M. Lees presided over the home cooking and preserves stall, and at small flower decorated tables, dotted about the grounds, teas were served under the convenship of Mrs. W. M. Mouat and Mrs. R. Toynbee, assisted by Mesdames J. D. Reid, J. Anderson, C. W. Baker and F. Sharpe.

The garden fete and sale of St. Mary's Church Altar Society, South Salt Spring Island, was held in the Burgoyne Valley, Mr. and Mrs. J. J. Shaw kindly throwing open their home and grounds for the occasion. Attractions, including games and contests of various sorts, prizes for which were won by Mrs. Price, Mrs. Hepburn and W. Shaw. Mrs. H. Price was in charge of a miscel-

laneous stall and Mrs. A. Davis had a collection of home cooking. Mrs. W. Y. Stewart sold candy and Miss Ena Hamilton read tea cups. Rev. C. H. Popham and Mrs. E. Shaw both correctly guessed the weight of a cake which was divided for them. Tea was served on the large veranda by Miss G. Shaw, assisted by Mrs. E. Tassell and Mrs. J. Bryant.

WILLIAM WILBERFORCE

A BUILDER OF EMPIRE

William Wilberforce was an empire-builder, not of conquest but of reform. In the latter part of the eighteenth century the minds of men began to stir against injustice and Wilberforce began his crusade for the abolition of the slave trade. In and out of Parliament, he kept up the long and arduous fight; just after his death in 1833, the Bill for the Abolition of Slavery in the British Empire passed into law.

Private Car Caravan Takes Scots to Camp

Members of the 3rd Battalion, Canadian Scottish Regiment, gave up the comforts of home and the worries of civilian jobs for two weeks yesterday and, traveling in a caravan of private cars, moved into camp at Heal's Range.

Some went under canvas for the first time, having joined the unit during the last year. Others had attended camp at Heal's Range last August for two weeks, and were ready again for the experience, hardened by two evenings of study and training each week during the year. Many of those who might have been entering camp for the second time, however, were missing from the ranks, members now of active service units.

Moving into camp at the same time were members of No. 114 Reserve Company, Veterans' Guard of Canada, also a non-permanent unit.

Lieut.-Col. Brooke Stevenson, officer commanding the Canadian Scottish Battalion, is camp commandant. Instructors for the two-week period are Major R. H. Clowes, Sgt.-Instructor Cook, Sgt.-Instructor Pocock and Sgt. Tait.

Victoria Girls Score Triumph

Capt. Norman Foster brought his Victoria Girls Drill team back from their greatest triumph of their career this morning. They appeared at both the evening shows of the Portland Rose Festival before 32,000 people and, as one radio commentator said, "laid the folks in the aisles." In the grand six-mile long Rose Parade last Friday the team marched the entire route in their gleaming uniforms and thrilled 300,000 people who lined the streets.

A great tribute was paid to Canada and the Empire's war efforts on Third Avenue when the parade was temporarily halted. The drill team was being followed by the Portland Shrine Band of 100 pieces, the leader of which asked Capt. Foster if he would "about turn" his team. When the movement was completed the Shrine Band played "God Save the King." The drill team held the salute while the anthem was played. People sitting on the curb stood up. When the band had finished cheers were loosened by the great crowd and spectators called out "Go to it Canada," "We're with you," and "We'll be in it before long."

There were tears in the eyes of the drill team as they witnessed this soul-stirring tribute. The high commissioner pointed out that the philosophy of the Nazis was one of a master race, and that the Nazis were eliminating potential opposition to that philosophy within the ranks of the peoples they had conquered. "We know that such is the fate that is coming to us," he said, "if Hitler has his way."

He declared, however, that the main theme of British history had been the struggle to establish liberty, both at home and later elsewhere through the world.

"This policy of developing freedom under the British crown has gone to its logical conclusion in the Dominions," he said. "It is our fundamental belief that every unit in the human family shall be free and be itself."

"The British people cherish their freedom more than anything else they have. We are not going to give way to Hitler."

"If we didn't yield our liberty in the 17th century to the divine right of a king, we're not going

to yield it in the 20th century to the diabolical right of a house-painter."

"Our quarrel with Hitler is not that he started life as a house-painter, but that he left that honorable profession to become a gangster."

PRODUCTION BATTLE
Mr. MacDonald declared it true that the enemy had material strength far greater than that of Britain.

"But Hitler already has reached the maximum of his tremendous production of war materials," he said, "and we haven't. We are overhauling the enemy, and on the day that our production equals his, the British quality of spiritual strength will ensure British victory."

When British production would equal German production, Mr. MacDonald said, depended on United States and Canadian workshops, arsenals and shipyards.

He said Canada had a magnificent part to play in the war, adding: "Every blow of a Canadian hammer forging a weapon of war is helping shorten the war. Every dollar you put into the Victory Loan is helping shorten the war too."

"We are in honor bound in Canada to see that those people overseas don't have to suffer that ordeal one minute longer than necessary."

LIBERTY AT STAKE
Canadians, Mr. MacDonald declared, knew that the British were not trying only to defend their own liberty, but the liberty of Canada and of all the Dominions.

"The battle of Britain goes on," he said, "but if any mishap were to occur to make us lose the battle of Britain, there would be a battle of America."

"But I can say confidently that we are not going to lose that battle. We have the honor to be the guardians of the liberty of all mankind. It is the most sacred trust ever put in our hands. Let us conduct ourselves until the end in a way that shows we are worthy of that great trust."

Production Battle Decisive War Factor

"I can tell you with confidence that the Battle of Britain is not going to be lost, but it does depend on support from here," Rt. Hon. Malcolm MacDonald told the Canadian Club of Victoria today.

The British High Commissioner to Canada said there had never been a time so testing as the present for the British people, but that their hearts never could be broken.

"Their hearts are calm, serene, confident, even jubilant," Mr. MacDonald said, "because they know through all their suffering that their cause is good."

An entire generation of British citizens, without distinction as to person, was doing its duty, he said.

"CONQUER OR DIE"

"King and costermonger are prepared to conquer or die, because they are defending their most precious possession — and without it they don't want to go on living — their liberty," Mr. MacDonald added.

The high commissioner pointed out that the philosophy of the Nazis was one of a master race, and that the Nazis were eliminating potential opposition to that philosophy within the ranks of the peoples they had conquered.

"We know that such is the fate that is coming to us," he said, "if Hitler has his way."

MOTORIST KILLED
Returning from Mission to Lytton early this morning, Eddie Dunstan was killed when his car ran off the highway 12 miles west of Lytton. Provincial police headquarters here had no further details.

Logger Killed
M. O. Bjorkroth, 39, logger employed by the Salmon River Logging Co., near Campbell River, was killed Friday when a log rolled on him, fracturing his skull, provincial police headquarters reported today. Bjorkroth leaves a wife and family at either 115 Union or 1102 Georgia Street, Vancouver.

Got Army Sentence
Kenneth R. Vertigan, a soldier, was given suspended sentence in City Police Court today when he pleaded guilty to a charge of dangerous driving on June 8.

Sgt. T. Doswell of the Provost Corps said the accused, driving a national defence car, failed to stop when signalled to do so and got away from the army police car which gave chase at its top governed speed of 55 miles an hour. The accused was finally caught when his car stalled in Beacon Hill Park.

Magistrate Hall was informed that Vertigan had appeared before a military court and had been given 14 days detention without pay.

"In view of this fact," Magistrate Hall said, "I will give suspended sentence."

There's Happiness Around a HEINTZMAN

IN THE home where there is a Heintzman piano the desire to "have fun at home" far outweighs the desire for outside amusement. And so today thoughtful parents are renewing their pianoforte investment . . . they do this by exchanging the old upright piano for a modern apartment grand. An instrument of such sterling musical quality that its very presence in the home is a magnet to attract musically cultured people.

In making the exchange from an upright to a Heintzman Apartment Grand the difference can be spread over 12 months, or more.

Men Escape in Stolen Car Crash

A car stolen from Melvin D. Clanton, 5th Street, Sidney, from Broad Street, between 6.30 and 7 Saturday evening, was in collision with a car driven by Gordon Robertson, Verdier Avenue, Brentwood, at Quadra Street and Topaz Avenue at 7.30 the same evening, and two soldiers who were in it, escaped.

The driver of the stolen car gave his name as Jack Douglas to Mr. Robertson, and while Constable John Deans Blackstock of the city police force was on his way to the scene of the crash, the soldier and his companion left.

The driver of the car was reported to have a cut on his head. A suspect was held by police but he was not identified as the man who drove the car.

The cars were damaged considerably.

ANOTHER STOLEN
Two men were being held by Provincial Police in connection with the theft of a car owned by Sidney May, Scott Apartments at 2.45 Saturday afternoon. The car was taken from the rear of the apartments.

Navy Officers Man Sailboats

Yesterday was "Navy Day" at the Royal Victoria Yacht Club. Officers from Esquimalt naval barracks and H.M.C.S. Royal Roads sailed stars, dinghies and snipes over the Cadboro Bay course, making good sport for themselves and hundreds of spectators who watched from the shore.

Following are the results:

Stars—Squilla, Lieut. Parker; Boykin, Lieut. O'Reilly; dinghies—Pancho, Lieut. Simpson; Onaway, Lieut. Stevens; Gone With the Wind; snipes—Iskhoodah, Lieut. Weldon; Sockeye, Dr. Simpson; Bandicoot, Redskin, Pelican and Kakawis; C class cruisers—Margaret D., Lieut. Brooke; Da-vaar, Lieut. Finch; Loom, May D., and Tide Rip.

Commodore Eric Pepler and a party of friends watched proceedings from the club's flagship Yolanda.

Major J. C. Cooke was officer of the day; B. B. Temple, starter, and Lieut. Peckover, of Royal Roads, timekeeper.

Following the races members and their guests had tea on the clubhouse veranda. Prizes were presented by W. H. Golby.

Saturday's results follow:

Stars, start 3 p.m., other classes at five-minute intervals—Boynkin, Blandy, 3.59.32; Aquilla, Gilbert, 4.20.48; dinghies—Pancho, Cooke, 4.23.20; Onaway, Anstey, 4.25.22; Teal, Lamb, 4.30; snipes—Iskhoodah, Evans, 4.26.20; Bandicoot, Heal, 4.29.40; Pelican, Moran, 4.31.10; Redskin, Ramsay, 4.31.40; Kakawis, Downs, 4.33.

Herbert Gann was officer of the day; Jack Healy, timekeeper, and B. B. Temple, starter.

ALASKA BOUND

Ss. Prince Rupert, Capt. Neil MacLean, will start the Canadian National season to Alaska, sailing from Vancouver this evening with more than 200 passengers.

On board will be 40 members of the Brotherhood of Railway Clerks Alaska party, making the round trip to Skagway, under the leadership of A. F. Gaynor.

Returning south June 25, the party will come to Victoria the following day.

Another special group sailing tonight will be the Hemphill Travel Service Alaska tour party, conducted personally by R. W. Hemphill.

LEFT CARGO HERE

Ss. Border King, flying the Stars and Stripes, came into the Inner Harbor from Seattle at sunset last night and left cargo at the Island Tug & Barge Company's for the Victoria Machinery Depot and the Sidney Roofing & Paper Company. She shifted to the B.A. Paint Company's wharf before proceeding up-coast.

Explanation

OTTAWA (CP)—Royal Canadian Navy spokesmen said, the classifications "lost overboard" and "fell overboard" were used in the navy's 42nd casualty list to distinguish between an action occurring at sea and another which took place while a ship was anchored at harbor.

A.B.R.W. Walden of Winnipeg was reported "lost overboard" and O.S. Leonard Fowler of Toronto was designated "fell overboard" in the list.

Navy officers explained Walden was washed overboard June 5 while his ship was at sea. Fowler lost his life when he fell overboard June 10 while his ship was anchored at harbor.

NO MOANING AT THESE BARS—These interned Italian seamen apparently are anything but sad over their fate as they wait to detain at Fort Missoula, Mont., for camp where they will live for duration of war.

Britain Loses 50th Destroyer

LONDON (CP)—The Admiralty announces the destroyer Jersey was lost in the Javelin class of 1,690 tons and was built in 1939. Her normal complement was 183 men.

She was the 50th destroyer Britain has lost in the war and was the second warship sunk under Lt.-Cmdr. A. F. Burnell-Nugent.

The Hostile, a destroyer, which he commanded, was sunk last August 26, also by a mine.

The Admiralty's announcement was its second listing of the Jersey as a war casualty. On December 7, 1939, she was reported damaged by a submarine torpedo, which killed 10 men and injured 12.

The Jersey was of the relatively new Javelin class, the ships of which carry six 4.7-inch guns and 10 21-inch torpedo tubes. She was listed as a 36-knot destroyer.

Reduce Wheat Area

OTTAWA (CP)—Prairie farmers "have made a good job" of reducing their wheat acreage under the federal wheat policy which seeks to hold 1941-42 deliveries to 230,000,000 bushels, Agriculture Minister Gardiner said.

By May 31, 150,000 farmers in the three Prairie Provinces were required to file with municipal secretaries or other officials their intentions of grain planting this year. From this data the government will establish the bonus payments due each farmer who turns former wheat acreage into summerfallow or coarse grains.

Gardiner said the suggestion had been that wheat acreage should be reduced by one-third, and although final reports had not been received it was estimated that reduction in general ranged from 20 to 30 per cent.

Western points reported a last-minute rush to have the bonus application forms filled in and available to the authorities by May 31.

Livestock

CALGARY (CP)—Week-end receipts: Cattle 254, calves 13, hogs 96, no sheep. Today: cattle 33, calves nil, hogs 17, sheep 72.

E. R. Wood Dies in East

TORONTO (CP)—Edward Rogers Wood, 75, one of Canada's leading financiers, died here today after a long illness.

A native of Peterborough, Ont., Mr. Wood was president or director of a number of large financial and business concerns including the Central Canada Loan and Savings Company, the Canadian Traction, Light and Power Company, the National Trust Company, the Canadian Bank of Commerce, Massey-Harris Co. Ltd. and others.

PHILANTHROPIST

He was widely known for his philanthropy. On one occasion a newspaper described him as one of the Dominion's most affable and successful men.

He started business life in Peterborough as a telegraph messenger. During a period of international high financing some years ago Mr. Wood frustrated the efforts of the late Captain Edward Lowenstein, Belgian financier, and his associates, to get control of the Brazilian Traction Company, long regarded as an outstanding foreign interest for Canadian investment.

AID TO Y.M.C.A.

Mr. Wood became particularly interested in the Young Men's Christian Association, of whose convention in Toronto in 1910 he was president.

HEDLEY MASCOT PROFITS

TORONTO (CP)—Hedley Mascot Gold Mines Limited (British Columbia) reports net profit of \$179,397 for the year ended Dec. 31, 1940, compared with \$125,519 in 1939.

Current assets of \$403,103 included \$102,397 in cash and current liabilities totaled \$155,912, leaving working capital of \$247,191 against \$360,179 at the end of 1939.

DIVIDENDS

Montreal Light, Heat & Power Consolidated, regular quarterly dividend on common, 38 cents a share, payable July 31 to record June 30.

Prices Irregular

MONTREAL (CP)—Industrials staged a rallying display on the Stock Exchange towards the end of the session Monday. Prices in other groups were irregular.

National Steel Car and Algoma Steel tacked on fractions. Imperial was also off fractionally in oils, International Nickel was slightly firmer but Hudson Bay slipped at 25.

Garibaldi Spent Life In Fight For Freedom

One of the great heroes of Italy is Giuseppe Garibaldi. He was born in 1807, and in his life of 75 years he fought for freedom.

If Garibaldi could come back today, we may be sure he would feel sad. Freedom was dear to his heart, and he would be hurt to think of his country under the rule of a dictator.

Garibaldi in later life.

The life of this man was not one of constant victory. He met defeat after defeat, but always he rose strong and brave. His heart beat for mankind.

Garibaldi was born on the 4th of July. Perhaps, as he was growing up he was told what a great American holiday his birthday was.

Garibaldi's mother wanted him to study to be a priest, but his father was a sailor and the boy wanted to go to sea. When he was in his teens he made a voyage of more than 100 miles in a small boat with a few friends.

Soon afterward his father took him on a much longer voyage—to ports on the eastern end of the Mediterranean.

Before he was 25 years of age, Garibaldi made visits to the city of Genoa and joined the "Young Italy" movement. In 1834 he took part in a rebellion against the king of Piedmont, who then ruled a part of northern Italy.

The rebellion failed and Garibaldi became a hunted man. The king caused a sentence of death to be passed on him, but he escaped from Piedmont.

Going back to work on the sea, he became first mate on a sailing vessel. The vessel ran between France and the Black Sea. While in a French harbor, he leapt into the water to save a youth from drowning.

At the age of 29, Garibaldi sailed to South America. With a band of Italian volunteers, he helped Uruguay obtain freedom. In South America he met and married a young Brazilian woman. She proved to be a kind and helpful wife, and was with him in all his struggles until her death.

Returning to Italy, Garibaldi led armies in an attempt to keep Austria and France from control of his country. He failed for the time being, and became an exile, making his home in England. In a letter he put down these words:

"England is a great nation, foremost in human progress, enemy of despotism, friend of the oppressed."

The move for freedom which Garibaldi had led at last brought about a united Italy. A year before he died, he was elected a member of the Italian Parliament.

HOROSCOPE

JUNE 17

Conflicting planetary influences are active today. Throughout the morning there will be success in financial and professional affairs. The seers advise persons to try to overcome indecision and worry which may arise as the day progresses. Muddled thinking may spoil many a deal which could be put over in the late afternoon. Romances may be affected by jealousy and quarrels.

London astrologers predict the activities of Russian agents may be further exposed. Russia's methods of propaganda and her intrusion into the affairs of other nations may be greatly talked about.

Persons whose birthdate it is have the augury of a year of fair success in business. Children born on this day probably will be thrifty and industrious.

LANGFORD

A council meeting of the Esquimalt Rural Nursing Service will be held on Tuesday evening at the home of Mr. and Mrs. H. A. Hincks, Holmwood.

At the home of Mr. and Mrs. G. Carr, 938 Island Highway, a silver tea will be held on Wednesday from 3 to 5.

A meeting of the Belmont Unit

THIS CURIOUS WORLD

By William Ferguson

ANSWER: A small rodent of northern Europe.

Dorothy Dix's Letter Box

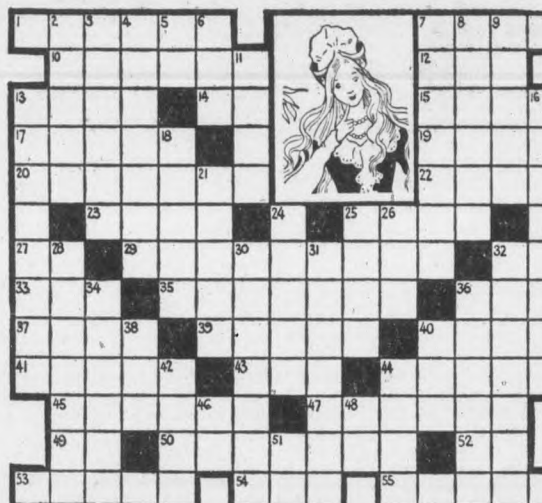

DEAR DOROTHY DIX—I am a man of 26 and have been married nearly six years. We have no children. My wife, who is a strong, healthy woman, depends on me for everything, even to do the housework. I gave up my position on her account. I cannot even go to lodge or business meetings or downtown unless she must go also. I used to love her dearly, but I have lost all affection for her. What is your advice?

Answer: My advice to you is to spunk up and have a little backbone. Your wife evidently considers you as an easy thing and is working you to the limit, and she probably has an utter contempt for you, for no woman in the world ever respected the man she could henpeck.

So, if you want to have any peace and comfort in your home and retain your wife's affections, read the riot act to her and tell her that you have made up your mind that you are going to be a man and not a housemaid; that you have washed your last dish and cooked your last meal and made up your last bed, and that henceforth you will make the living and she will do the housework, or else you will break up such an unequal partnership.

A wife can divorce her husband for nonsupport and a man is equally entitled to divorce his wife for bad housekeeping. She fails just as much in doing her duty if she isn't a good housekeeper as he would if he was too lazy and shiftless to support the home. And if women knew that they had to turn out a good job, or else lose it, they would get busy with the broom and cookbook.

St. Andrew's Cathedral garden party will be held in the grounds of the Bishop's House, View Street, on Thursday, June 26, under the convener'ship of Mrs. E. Hornsby, president of Victoria senior subdivision, C.W.L., assisted by the various cathedral societies.

The Young Women's Mission Circle of Emmanuel Baptist Church met recently at the home of the president, Mrs. H. B. Clark, 425 Constance Avenue. Mrs. R. Main led the devotional period and Miss Rosiemar Parfitt, accompanied by Mrs. Norris Harwood, sang "The Man of Galilee." Miss Anita Davies spoke of the pioneering work of the Baptist missionaries in eastern Canada, taken from the study book, "From Sea to Sea." A "blind auction" was conducted by Mrs. R. Rigby which realized additional funds for the circle. Refreshments were served by the hostess.

At the monthly meeting of the Lake Hill Community Centre, with the president, Mrs. J. M. Findlay, in the chair, arrangements were completed for the progressive 500 card party this evening at 8 in the hall. Some necessary repairs for the hall were authorized and it was also arranged to hold a series of card parties for the repair fund. Arrangements were made to assist the Red Cross garden party at the home of Mr. and Mrs. R. H. Snape, 1140 Tattersall Drive, on Wednesday. Arrangements were made for renting the hall for wedding receptions, afternoon or evening socials.

Island Temple No. 8, Pythian Sisters, met at the K. of P. Hall last Thursday evening with Mrs. Mabel Stanley presiding. Grand Representative Mrs. Hazel Munro submitted her report on the grand convention held in Trail last month. Greetings were received from Grand Chief E. Goucher of Nelson. The Red Cross and sewing committees reported a large bundle of cleaned and mended clothing had been turned over to Bundles for Britain. An auditing committee was appointed to audit the books and accounts for the first half of the year. Visitors from Calanthe Temple of Moose Jaw, Sask., were present and a mock initiation was put on. Refreshments were served.

Christ Church Cathedral Parish Guild and Sewing Circle met Friday, when preparations were made for the annual garden party to be held in Bishop's Close Wednesday, June 25. Stalls of fancywork, plain sewing, home cooking, candy, flowers, ice cream and soft drinks. Tea will be served in the Memorial Hall. Attractions will include the Kinsmen's Boys' Band and dancing on the lawn by pupils of Miss Florence Clough. The sewing circle received many letters of appreciation from Overseas House, London, England, and soldiers and sailors on active service, also from the chaplains of the Missions to Seamen in the Old Country through Major Longstaff for the last consignment to them, which consisted of nine pairs of mittens, one scarf, two helmets, 15 pairs of stockings, one sweater with sleeves, six pairs of rifle mitts, four pairs of gloves, four turtleneck scarfs, 17 pairs of socks and one sleeveless pull-over. A generous donation for the war work was gratefully received from an anonymous donor through Mrs. Spencer Elliott.

As their last meeting for the summer, the Victoria Credit Women's Breakfast Club had an enjoyable dinner meeting in Spencer's on Friday evening. The club invited the members of the Men's Credit Club to be present and hear the two interesting speakers: Lieut. Ivor Fuller and Lieut. Norman Baker, who have just returned from active service in England, relate some of their experiences, which proved to be most interesting. Mr. Hubert Lethaby spoke a few words on the Victory Loan campaign. The next knitting group meeting will be held on Tuesday evening, at the home of Miss Gertrude Haughton, Rosedale Manor, 1612 Quadra Street.

The Craigflower Women's Institute met on Friday at the home of Mrs. Rankin, Craigflower Road. Mrs. Rines, president, in the chair. The members paid silent tribute to the memory of the late Mrs. Gordon. The institute endorsed the resolution of the Pender Island Women's Institute, asking free transportation for the forces. It was agreed there would be no institute meetings for July and August, but the members would meet as usual every Thursday to sew for refugees and for "Bundles for Britain." Miss Tregellis gave demonstration on the making of slip covers, and a vote of thanks was given to her by the members present. The hostesses for the tea hour were Mesdames Don MacLeod, Newbury, Pearson and Pegg.

Victoria Boat In Third Place

DEEP COVE, B.C. (CP)—Lloyd Jett of Seattle won every event in the one-day meeting of the first international regatta of the Vancouver Power Boat Association held here yesterday.

Jett, piloting his power boat Idling Jet, swept the boards by coping first place in the elimination contest, the 5-lap challenge race and the meet wind-up free-for-all competition.

Russ Pick's Seattle entry, Water Dog, was second in the elimination race while Irving Earle's Victoria boat, Scat, was third.

In the 5-lap challenge race, Ted Currl of Vancouver was runner-up in Seven-Eleven, and Russ Pick third. Brenda, piloted by Jimmy Allan, Seattle, was forced out in the four-boat final with engine trouble.

Currl finished behind Jett in the free-for-all event followed closely by Reg Jackson of Vancouver in Sea Comet. Pick's Water Dog led up to the final lap but dropped out with engine trouble.

LAWN BOWLING

Lawn bowlers of Greater Victoria engaged in opening matches last week at the annual competitions for the Cameron Nicol and Whitney Cups. Matches were played on the greens of the Burnside Club.

In the former competition Lake Hill defeated Victoria 38 to 35 and Canadian Pacific triumphed over Victoria West 39 to 37, while in the Whitney event Victoria turned back Lake Hill 53 to 28 and Victoria West defeated Canadian Pacific 35 to 31.

Matches next week will be played at the Victoria West Club. Scores follow:

Winner of the consolation event was the trio skipped by Mrs. Drew.

Victoria West School Holds Sports Meet

Under the auspices of the Parent-Teacher Association the Victoria West School held a successful track and field day on June 6. The various events on the program were run on house lines and competition was keen and enthusiasm ran high. The handsome cup donated to the school by Little and Taylor was won by Mackenzie House with a total of 74 points. Thompson House was second with one point less, and Fraser House third with 58 points.

Tea was served and the proceeds, along with those from the sale of candy and soft drinks, amounted to \$30. This amount, with a gift from the school of \$20, was donated to the Lord Mayor's Fund.

SCHOOL SPORTS

Sir James Douglas School held a sports day last week. With this second success pupils and parents are planning an annual event. Ice cream and prizes were donated by the Parent-Teacher Association. The loud speakers kindly set up by H. Cunningham were appreciated. W. Wilson was master of ceremonies. Mr. James starter and Rev. Mr. Crees, Mr. Hemstreet and Mr. Roberts acted as judges.

Longest Day Game

"The Longest Game on the Longest Day," the 18th renewal of this event, will be staged by the Burnside Lawn Bowling Club Saturday. This is a unique lawn bowling event held annually in Victoria.

Following the custom established in the first years of this function, the contest will be open to all bowlers, irrespective of what club to which they belong. Play will begin at 7.15, 24 ends to be played, with an interval at the halfway mark for refreshments.

Bob Van Horne Wins Revellers Tourney

Winner of the golf tournament held yesterday by the Revellers Canadian Football Club was trainer Bobby Van Horne with a gross score of 71, which his handicap reduced to a net 67. Van Horne was presented with the Grogan challenge mug and another prize.

Brother Paul Whalen, who played his round on Saturday, was runner-up.

George Hartness was awarded the booby prize with a gross score of 119. Eighteen took part.

EXHIBITION GOLF ENDS ALL SQUARE

VANCOUVER (CP)—A birdie four by Chuck Congdon, Tacoma, on the 582-yard 18th hole, enabled Congdon and Neil Christian of Yakima to break even in an international Red Cross exhibition golf match with Ken Black and Jock McKinnon of Vancouver here yesterday.

Neil Christian and Ken Black, Canadian amateur golf champion, who substituted for indisposed Freddy Wood, electrified a gallery of 250 by shooting a pair of four-under-par 68's. McKinnon had a 69 and Congdon an 80.

COL. FORTT WINS

With a net score of 135 for the 36 holes Col. R. L. Fortt won the Todd Cup competition at the Victoria Golf Club. He had a gross score of 157. In runner-up position were Wally Bowden and A. S. G. Musgrave with identical scores of 152-136.

Bantamweight Title on Block

PHILADELPHIA (AP)—Twenty-two-year-old Tommy Forte gets his second crack at Lou Salica's bantamweight boxing title tonight and you have the word of Forte's manager that the champ from Brooklyn will be knocked out in eight rounds.

"Yes, sir," declared Mickey Diamond, Forte's manager since the south Philadelphian was in the amateurs five years ago. "The kid is in great shape. I predict Salica will be knocked out before the ninth."

The smart money boys have installed Forte an 8 to 5 favorite. The champion, however, has told friends he is gunning for a knock-out "about the 11th or 12th round."

A crowd of more than 20,000 is expected to watch the two climb through the ropes at Shibe Park tonight for their 15-round encounter. Rain caused the scrap to be postponed from Friday night.

Patty Berg Gives Prize to Britain

CINCINNATI (AP)—Patty Berg, 23-year-old Minneapolis professional, won the 12th annual women's western open golf championship in convincing fashion Saturday—and promptly donated the \$100 top prize to British relief.

The 1938 United States amateur queen climbed to the western open heights with a 7 and 6 decision over Mrs. Burt Weil, 37, Cincinnati housewife and three-time Ohio champion, in the 36-hole final.

HEAFNER WINNER

GIRARD, O. (AP)—Clayton Heafner of Linville, N.C., won his first major golf tournament yesterday, with a blistering four-under-par 276 in the \$5,000 Mahoning Valley open.

Byron Nelson of Toledo was one stroke behind, followed at 278 by Ben Hogan of Hershey, Pa., and Lloyd Mangrum of Monterey Park, Calif.

Three strokes off the pace were Lawson Little of San Francisco and Bobby Cruickshank of Richmond, Va.

PAPER PLANT FIRE TIES UP TRAFFIC

VANCOUVER (CP)—Spectacular two-alarm fire, with leaping flames, which attracted thousands of Sunday motorists and pedestrians, destroyed the two-story factory, warehouse and office of the Excelsior Paper Stock Ltd., on False Creek. The factory made excelsior packing from old papers and magazines.

Street cars had to be rerouted to keep them moving, schedules were upset, motor traffic was blocked.

Two trucks in the building were destroyed. A third was pulled out, but not before it was damaged.

Eleven pieces of fire equipment were turned out to fight the flames and the Vancouver fireboat stood by.

Shadbolt Praised

JACK SHADBOLT, Victoria artist, has left for Vancouver after showing a number of his paintings here, is paid a fine tribute in a recent article in Toronto Saturday Night, in which he says, in part: "Let's deal first of all with Jack Shadbolt, who comes from Victoria. Shadbolt's art owes a great deal to French contemporaries and, I should judge, to their English followers. He has that rich integrity of form and plasticity of paint which is their hall-mark. But he is working in a land that is vast and raw, and you can see this French approach stretching, like some liquid plastic, to deal with and confine a bigness in subject for which it was not at first intended. The fusion, so far as you can see, is perfect. Shadbolt is a new and authentic voice, owing nothing to the Canadian landscape tradition, yet, for all that, distinctively of this country."

Recalling Dickens

CHATHAM, Eng. (CP)—In "A Child's Dream of a Star," Charles Dickens described the scene of Chatham's parish church and graveyard as he had seen it as a child from his bedroom in "The Brook" here, now being demolished.
